CATENARY SOLUTIONS

CATENARY SOLUTIONS

The *Catenary Solutions* series now allows nearly every Neri lantern, both Contemporary and Heritage, to be installed on standard cable in any application. Choose from three brackets: simple cable bracket for use on slacked or straight cable, angle-mount bracket offering slope adjustment up to 45 degrees, and a decorative slide-mount bracket. The *Catenary Solutions* work on standard 3/8" to 1/2" tension cable and have a water-protected entry and exit path for standard outdoor-rated SJ wiring. Use *Catenary Solutions* for an ethereal element on your next project.

Materials. The brackets are manufactured in hot-galvanized steel (UNI EN ISO 1461).

Finishes. The standard color is Neri grey; created with a color formula designed to replicate the characteristic tone of cast iron. All materials are further treated with a highly eco-friendly, water-based paint process. Salt spray and UV Exposure testing of over 1500 hours is conducted to the most rigorous standards.

MOUNTING BRACKETS

Simple cable bracket
Model 9525.135

Applications

- Short cable lengths (<25'/8 m)
- Smaller fixtures on long lengths

Dimensions and weight

- Length 1.625" (4 cm)
- Height 4.75" (12 cm)
- Weight 1.1 lbs (0.5 kg)
- EPA = 0.06 sqf (0.005 m²)

Specifications

- Bracket designed for use with 3/8" to 1/2" diameter steel cables
- Clamp locks in place with stainless steel M8 bolts
- For any Neri suspended lantern with 3/4" BSPP/GAS threaded connection
- Channel for Electric cable inverted to prevent water ingress

Angle-mount bracket
Model 9525.135.004

Applications

- Short cable lengths (<25'/8 m)
- Smaller fixtures on long lengths
- Sloped cable

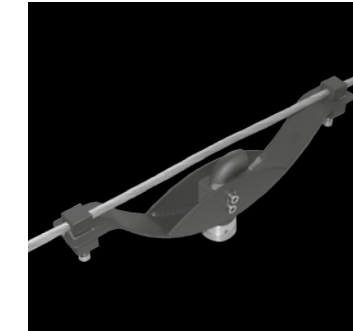

Dimensions and weight

- Length 5.5" (14 cm)
- Height 8.25" (21 cm)
- Weight 2.2 lbs (1 kg)
- EPA = 0.2 sqf (0.018 m²)

Specifications

- Bracket designed for use with 3/8" to 1/2" diameter steel cables
- Sloped position locks in place with (4) stainless steel M6 screws
- Clamp locks in place with stainless steel M8 bolts
- For any Neri suspended lantern with 3/4" BSPP/GAS threaded connection
- Channel for Electric cable inverted to prevent water ingress

Decorative slide-mount bracket
Model 4006.330.003

Applications

- Long cable lengths (>25'/8 m)
- Windy areas
- Sloped cable

Dimensions and weight

- Length 17.5" (44,5 cm)
- Height 5.5" (14 cm)
- Width 2.0" (5 cm)
- Weight 4.84 lbs (2.2 Kg)
- EPA = 0.15 sqf (0.014m²)

Specifications

- Bracket designed for use with 3/8" to 1/2" diameter steel cables
- Position locks in place with quick-coupling system using two sliding clamps and stainless steel M8 bolts
- Fixture kept stabilized through tilt control system oscillating on stainless steel pins in the central element
- For any Neri suspended lantern with 3/4" BSPP/GAS threaded connection via quick-fastening system composed of a threaded brass ring nut and safety dowel
- Channel for Electric cable inverted to prevent water ingress
