

NERI

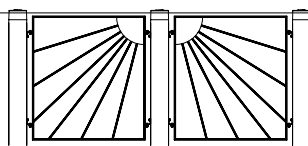

The ellipsoidal post is the hallmark of the Lilium series.
It features all the products of the series: bollard, railing,
clock, notice board and bus shelter.

**È il palo elissoidale l'elemento distintivo della serie Lilium.
Esso caratterizza tutti i prodotti della serie: dissuasore,
transenna, orologio, stendardo e pensilina.**

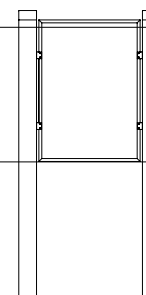

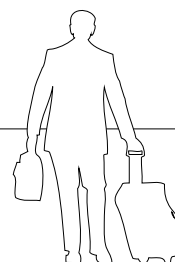

Bollard

Dissuasore

The bollard can be either plain or luminous.

Il dissuasore può essere semplice o luminoso.

The Lilium collection's bollard can be fitted with two different lighting systems.

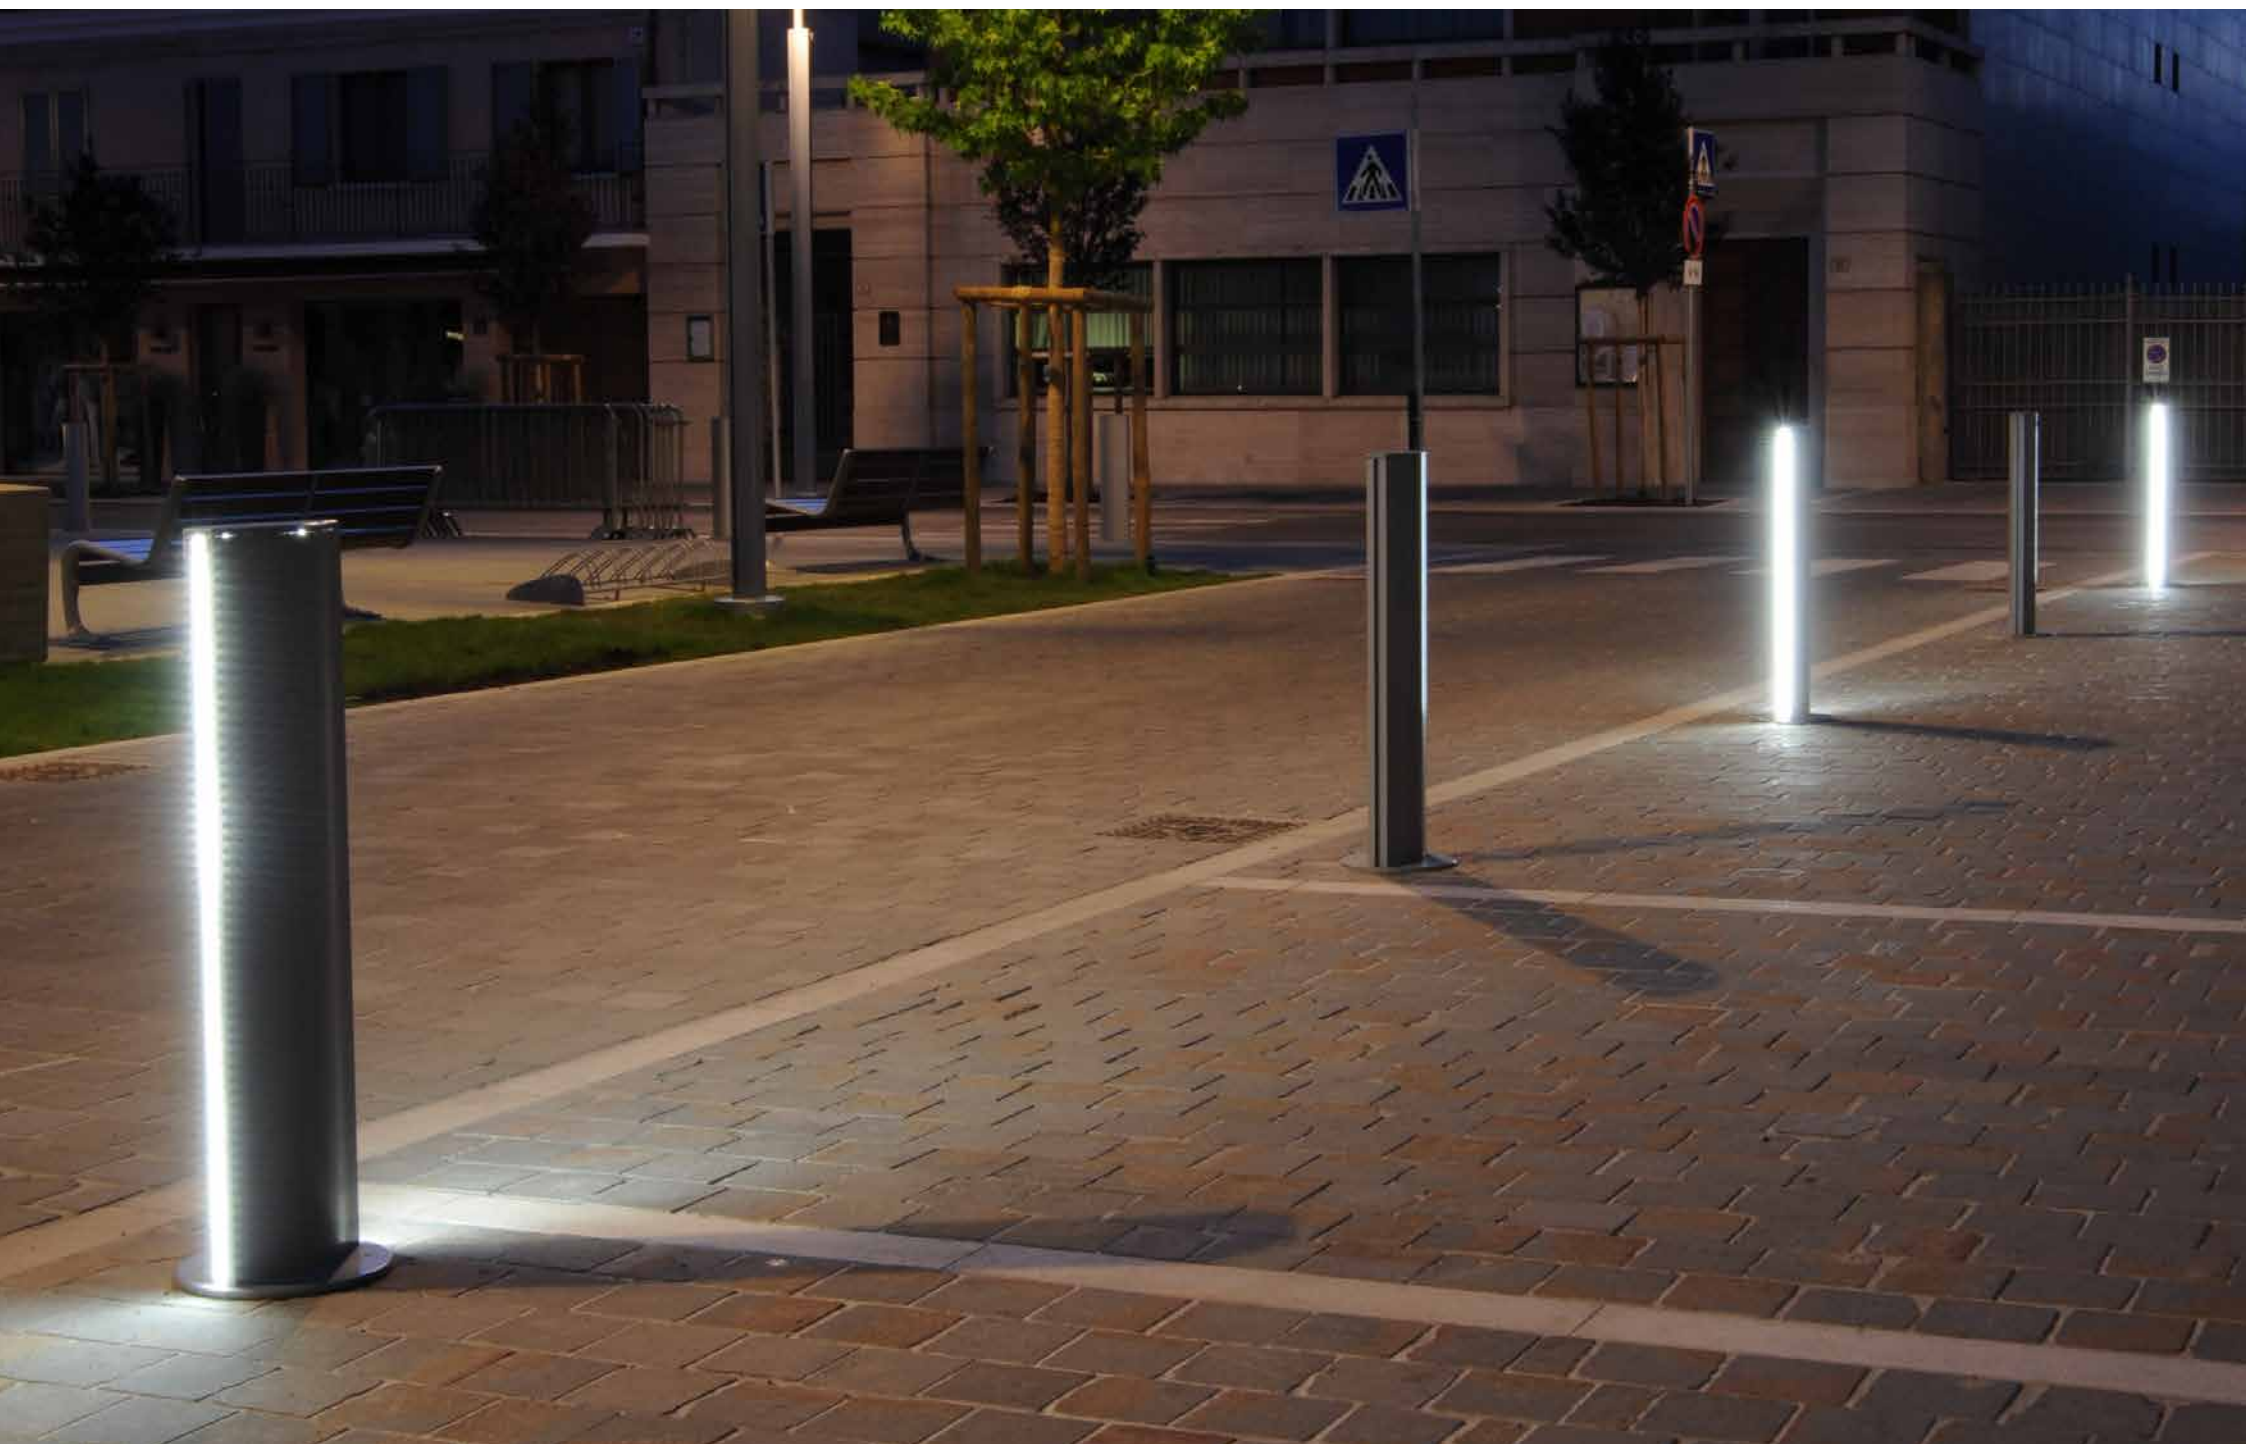

A system:

a strip with 60 LED lights and satin finish screen can be inserted along the sides of the bollards.

I dissuasori della serie Lilium possono essere equipaggiati con due diversi sistemi di illuminazioni.

Sistema A:

Lungo i fianchi dei dissuasori, è possibile inserire una strip da 60 LED con schermo satinato.

B system:

in this case the lighting is elegantly installed on top of the bollard with an 18W fluorescent bulb, lamellar reflector and transparent screen.

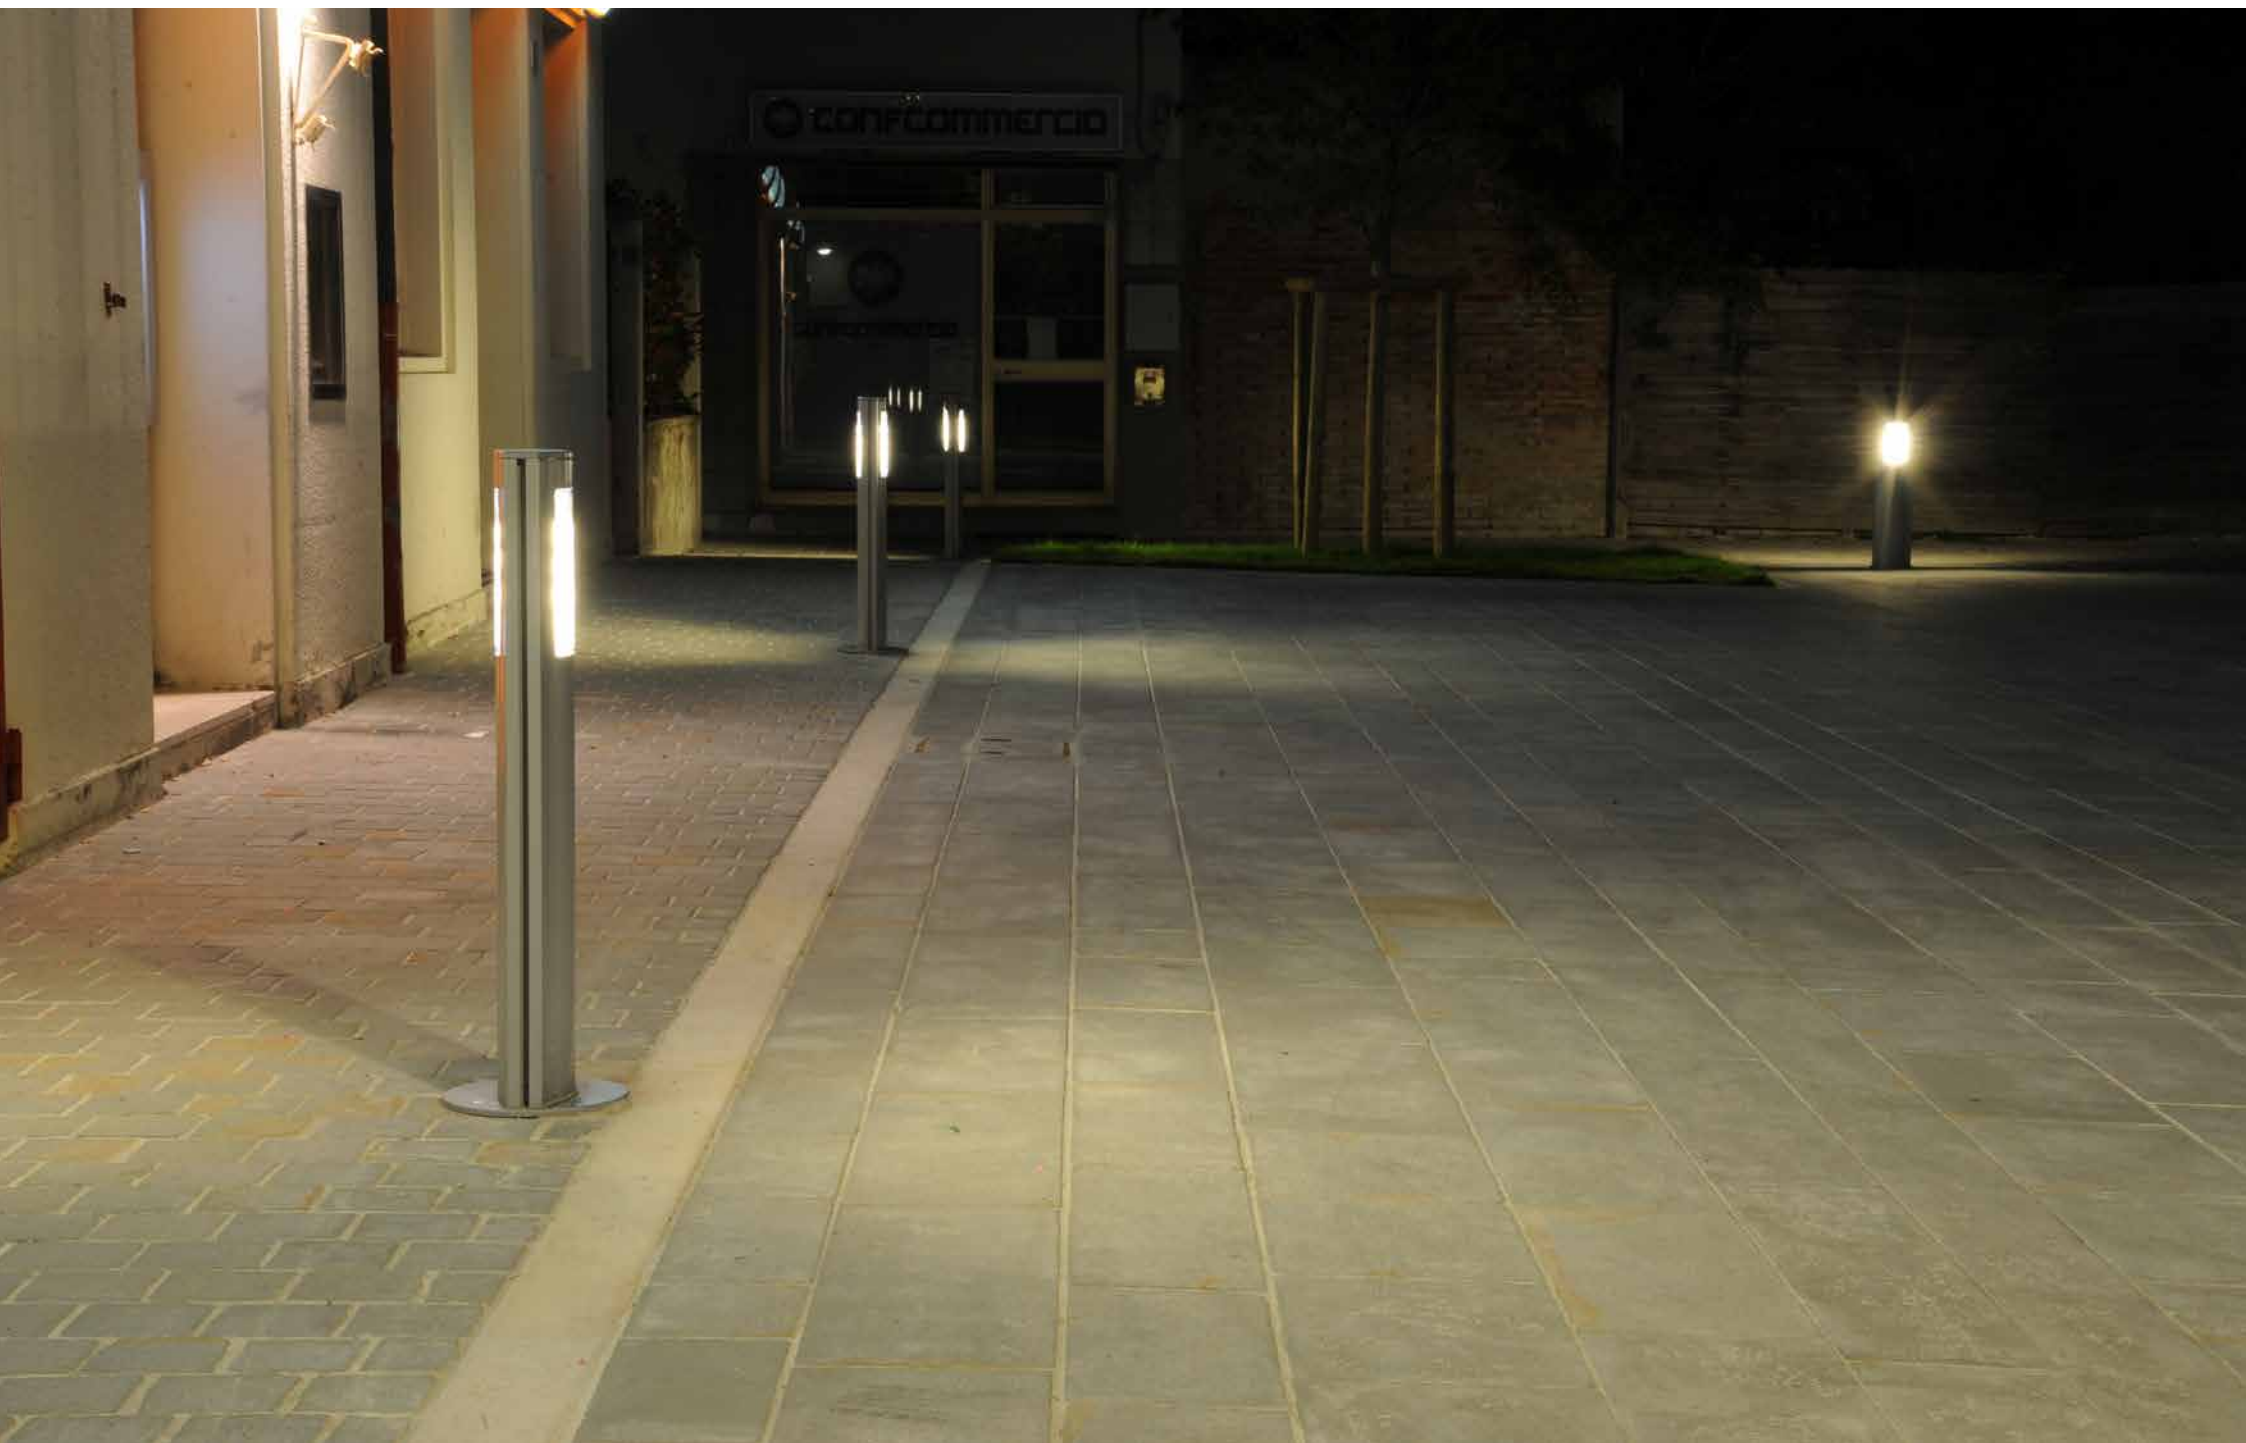

Sistema B:

In questo caso l'illuminazione è inserita elegantemente nella parte superiore del dissuasore con lampada fluorescente da 18W, riflettore lamellare e schermo trasparente.

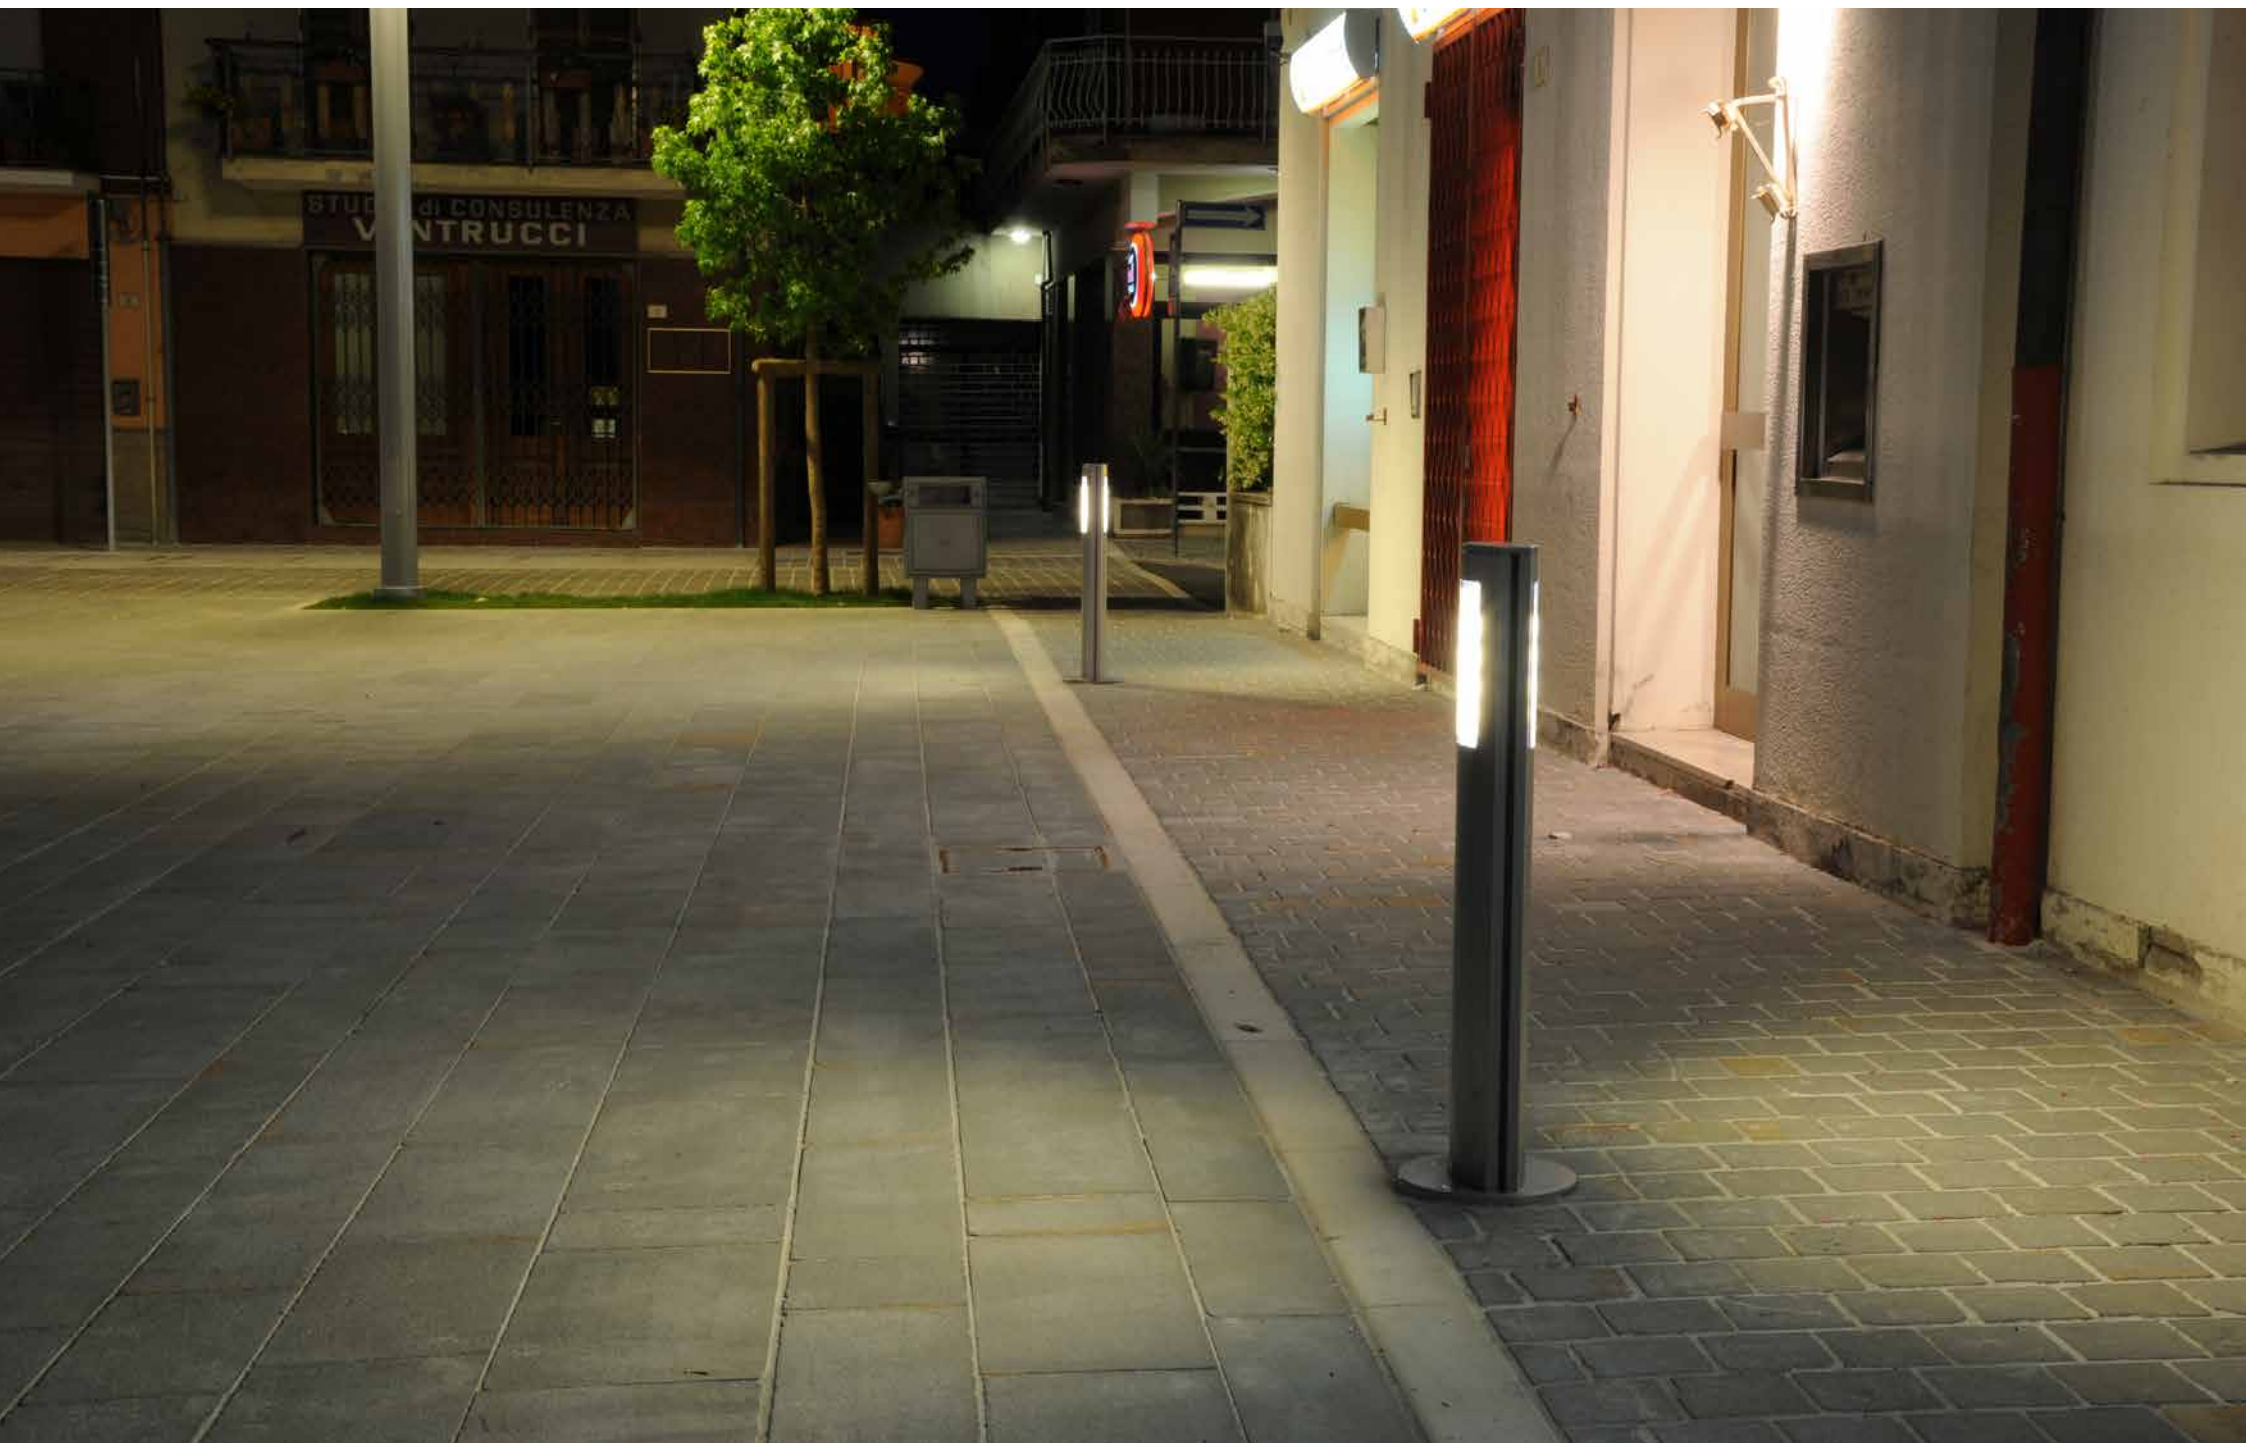

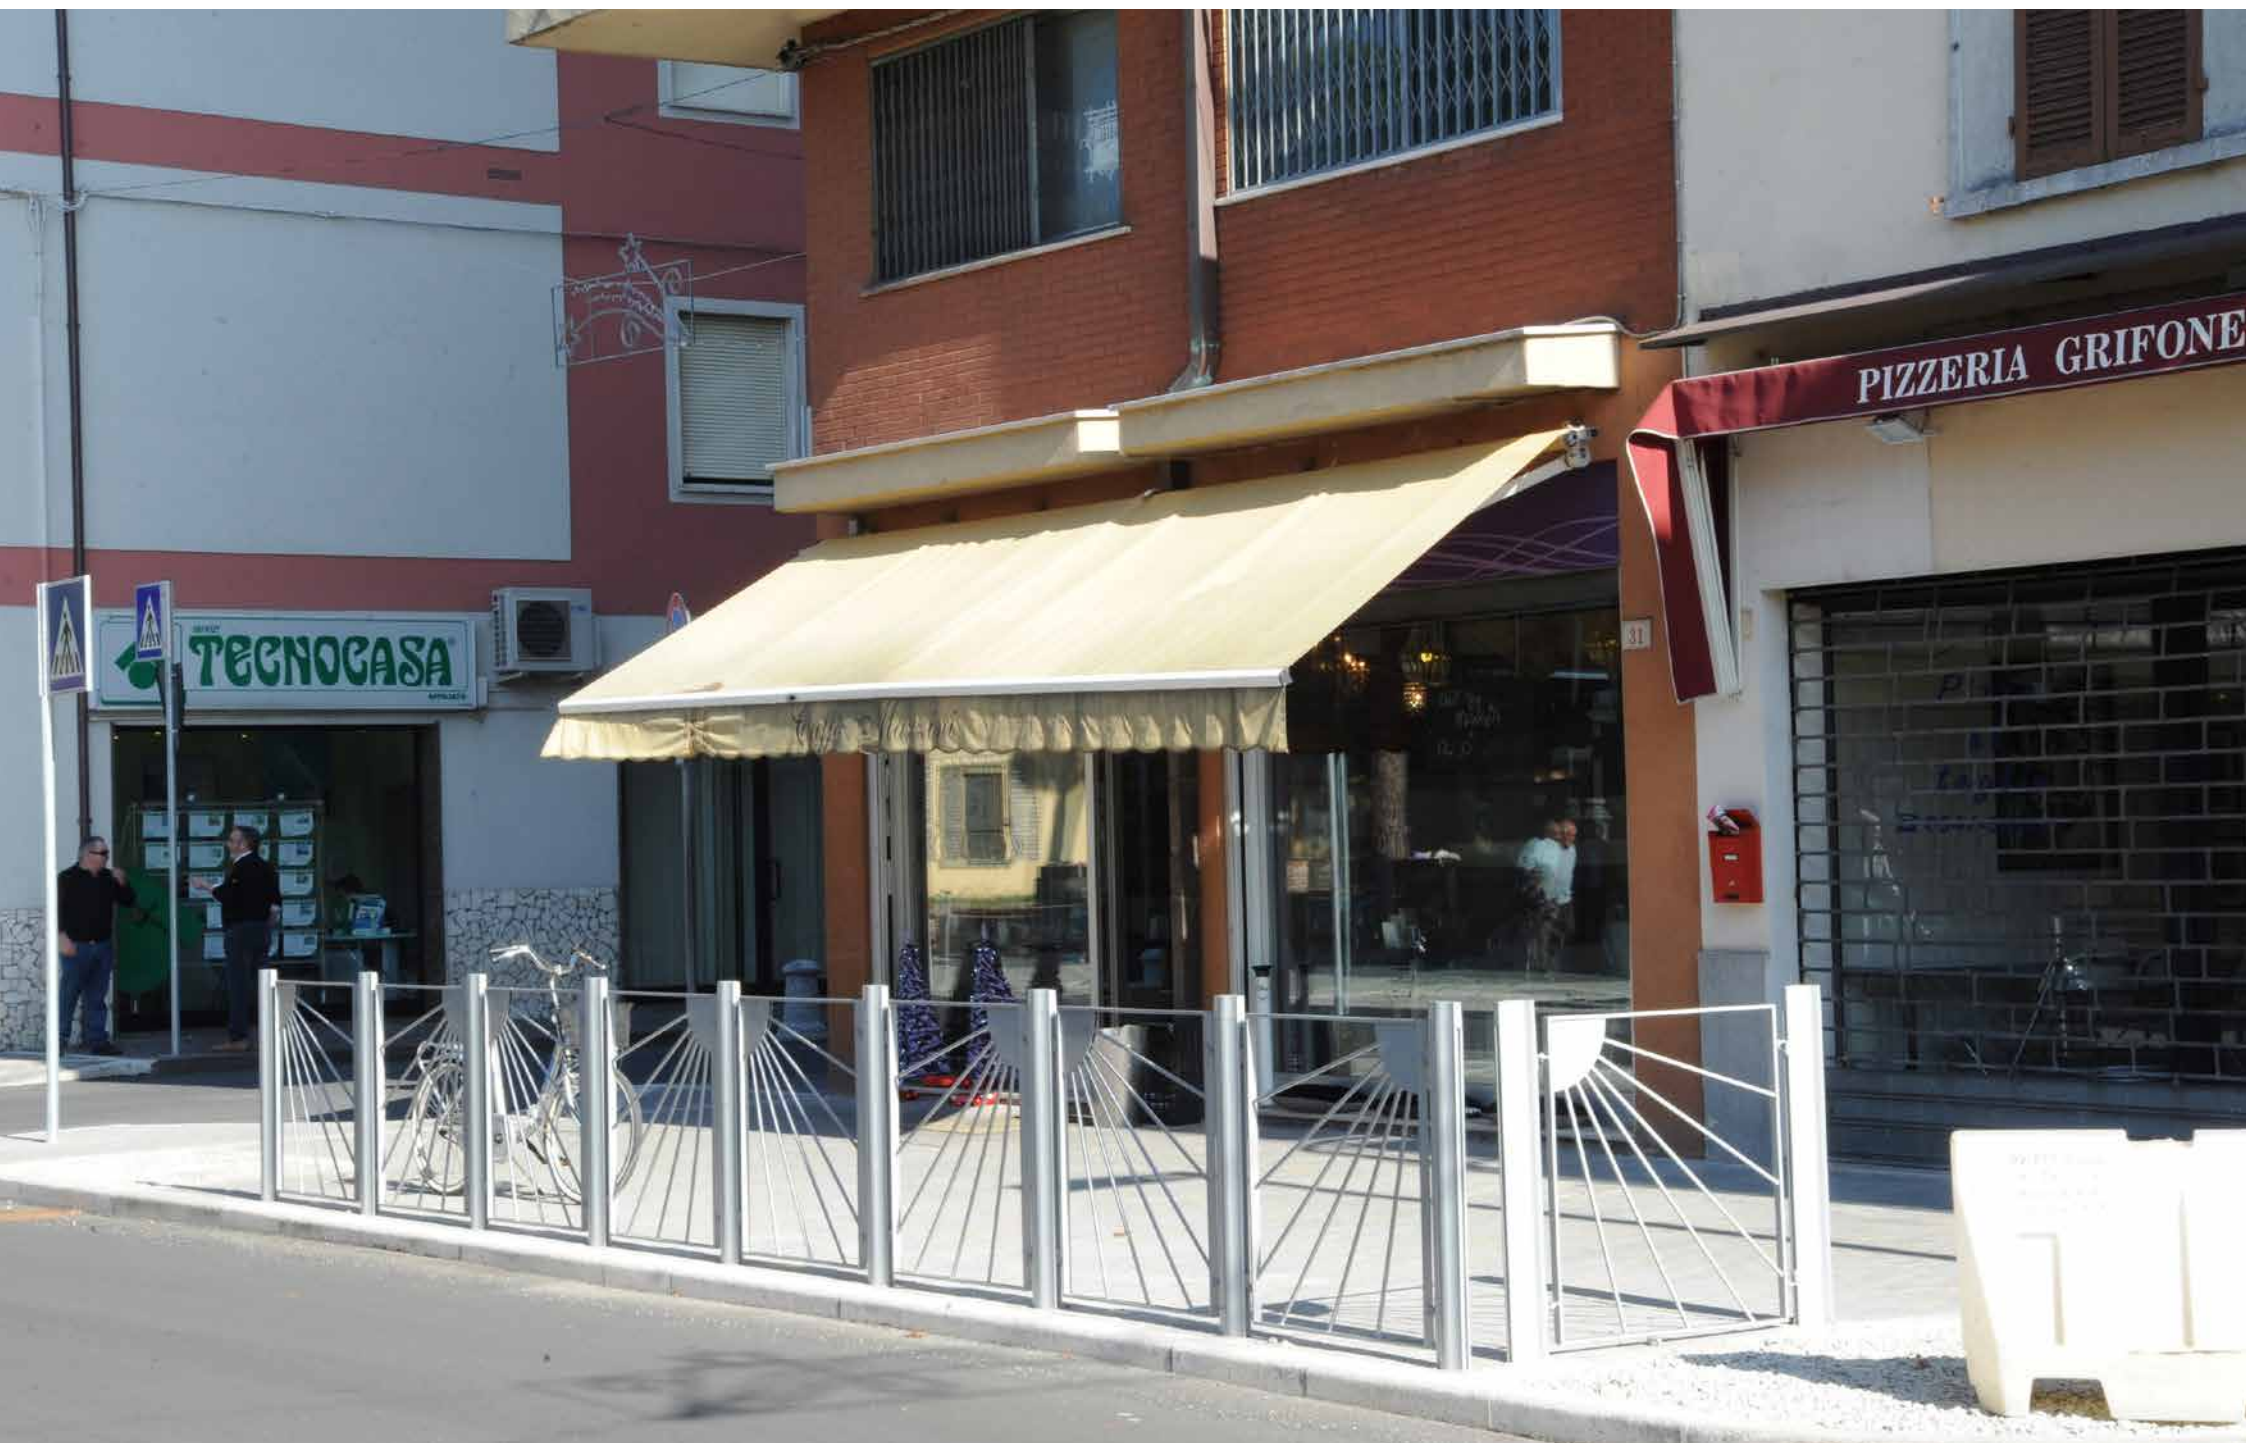

Railing Transenna

A modern, refined and transparent railing has been created with the same bollards.

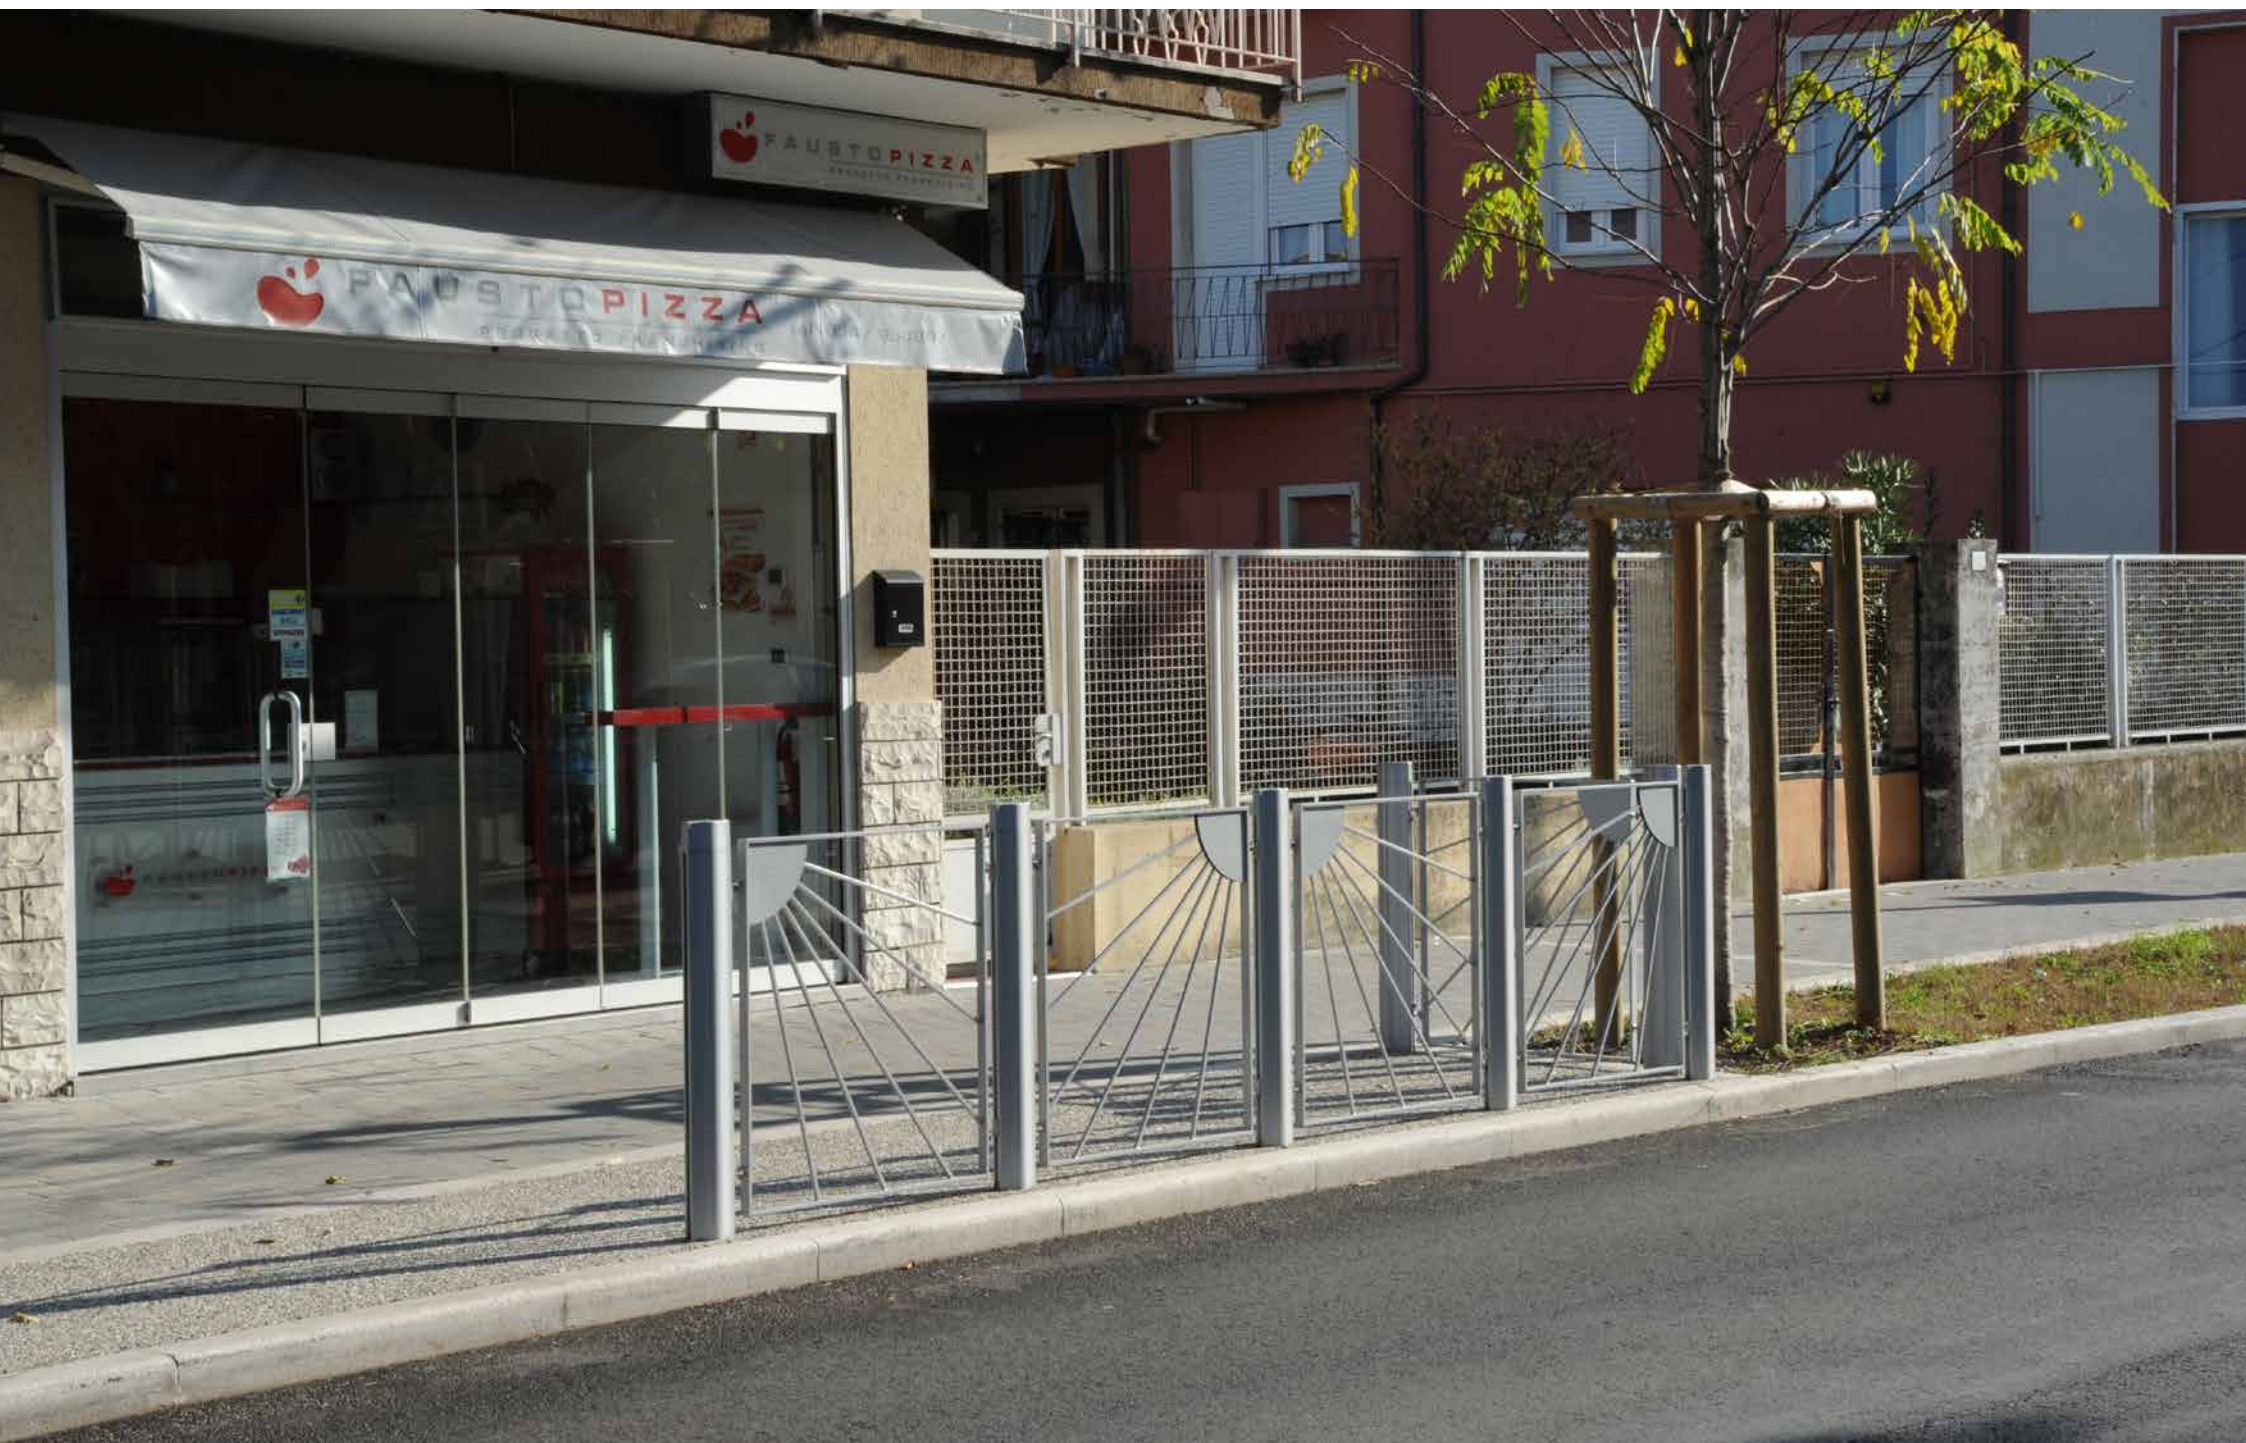

Con gli stessi dissuasori è stata realizzata una transenna moderna elegante e trasparente.

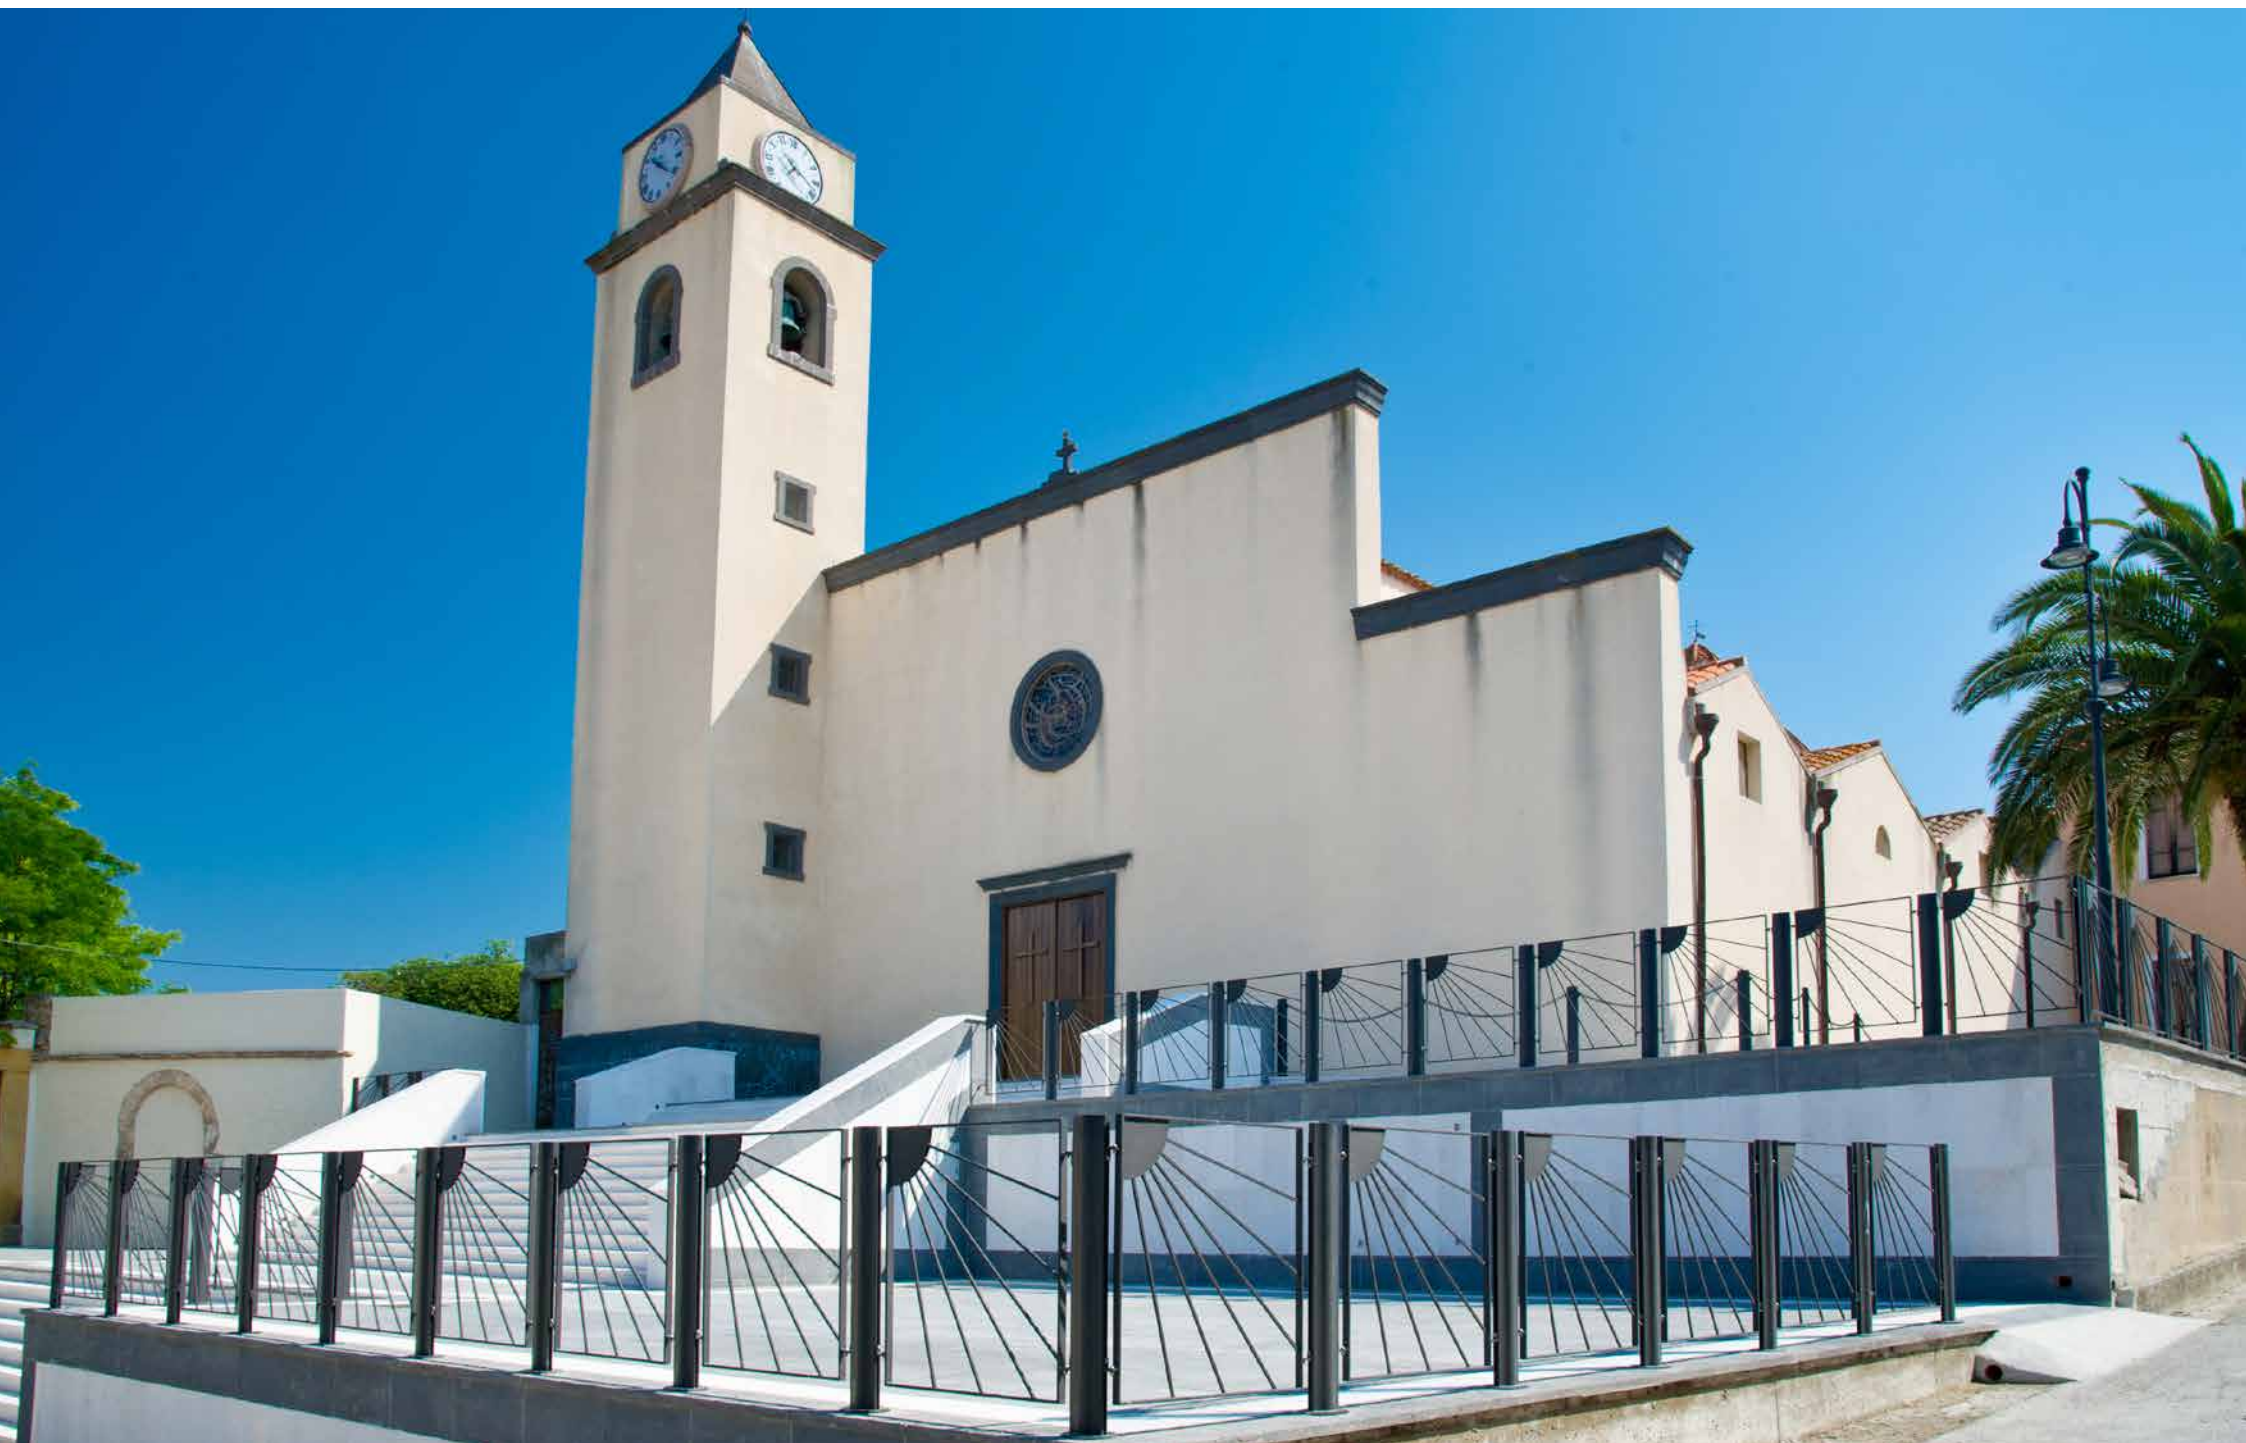

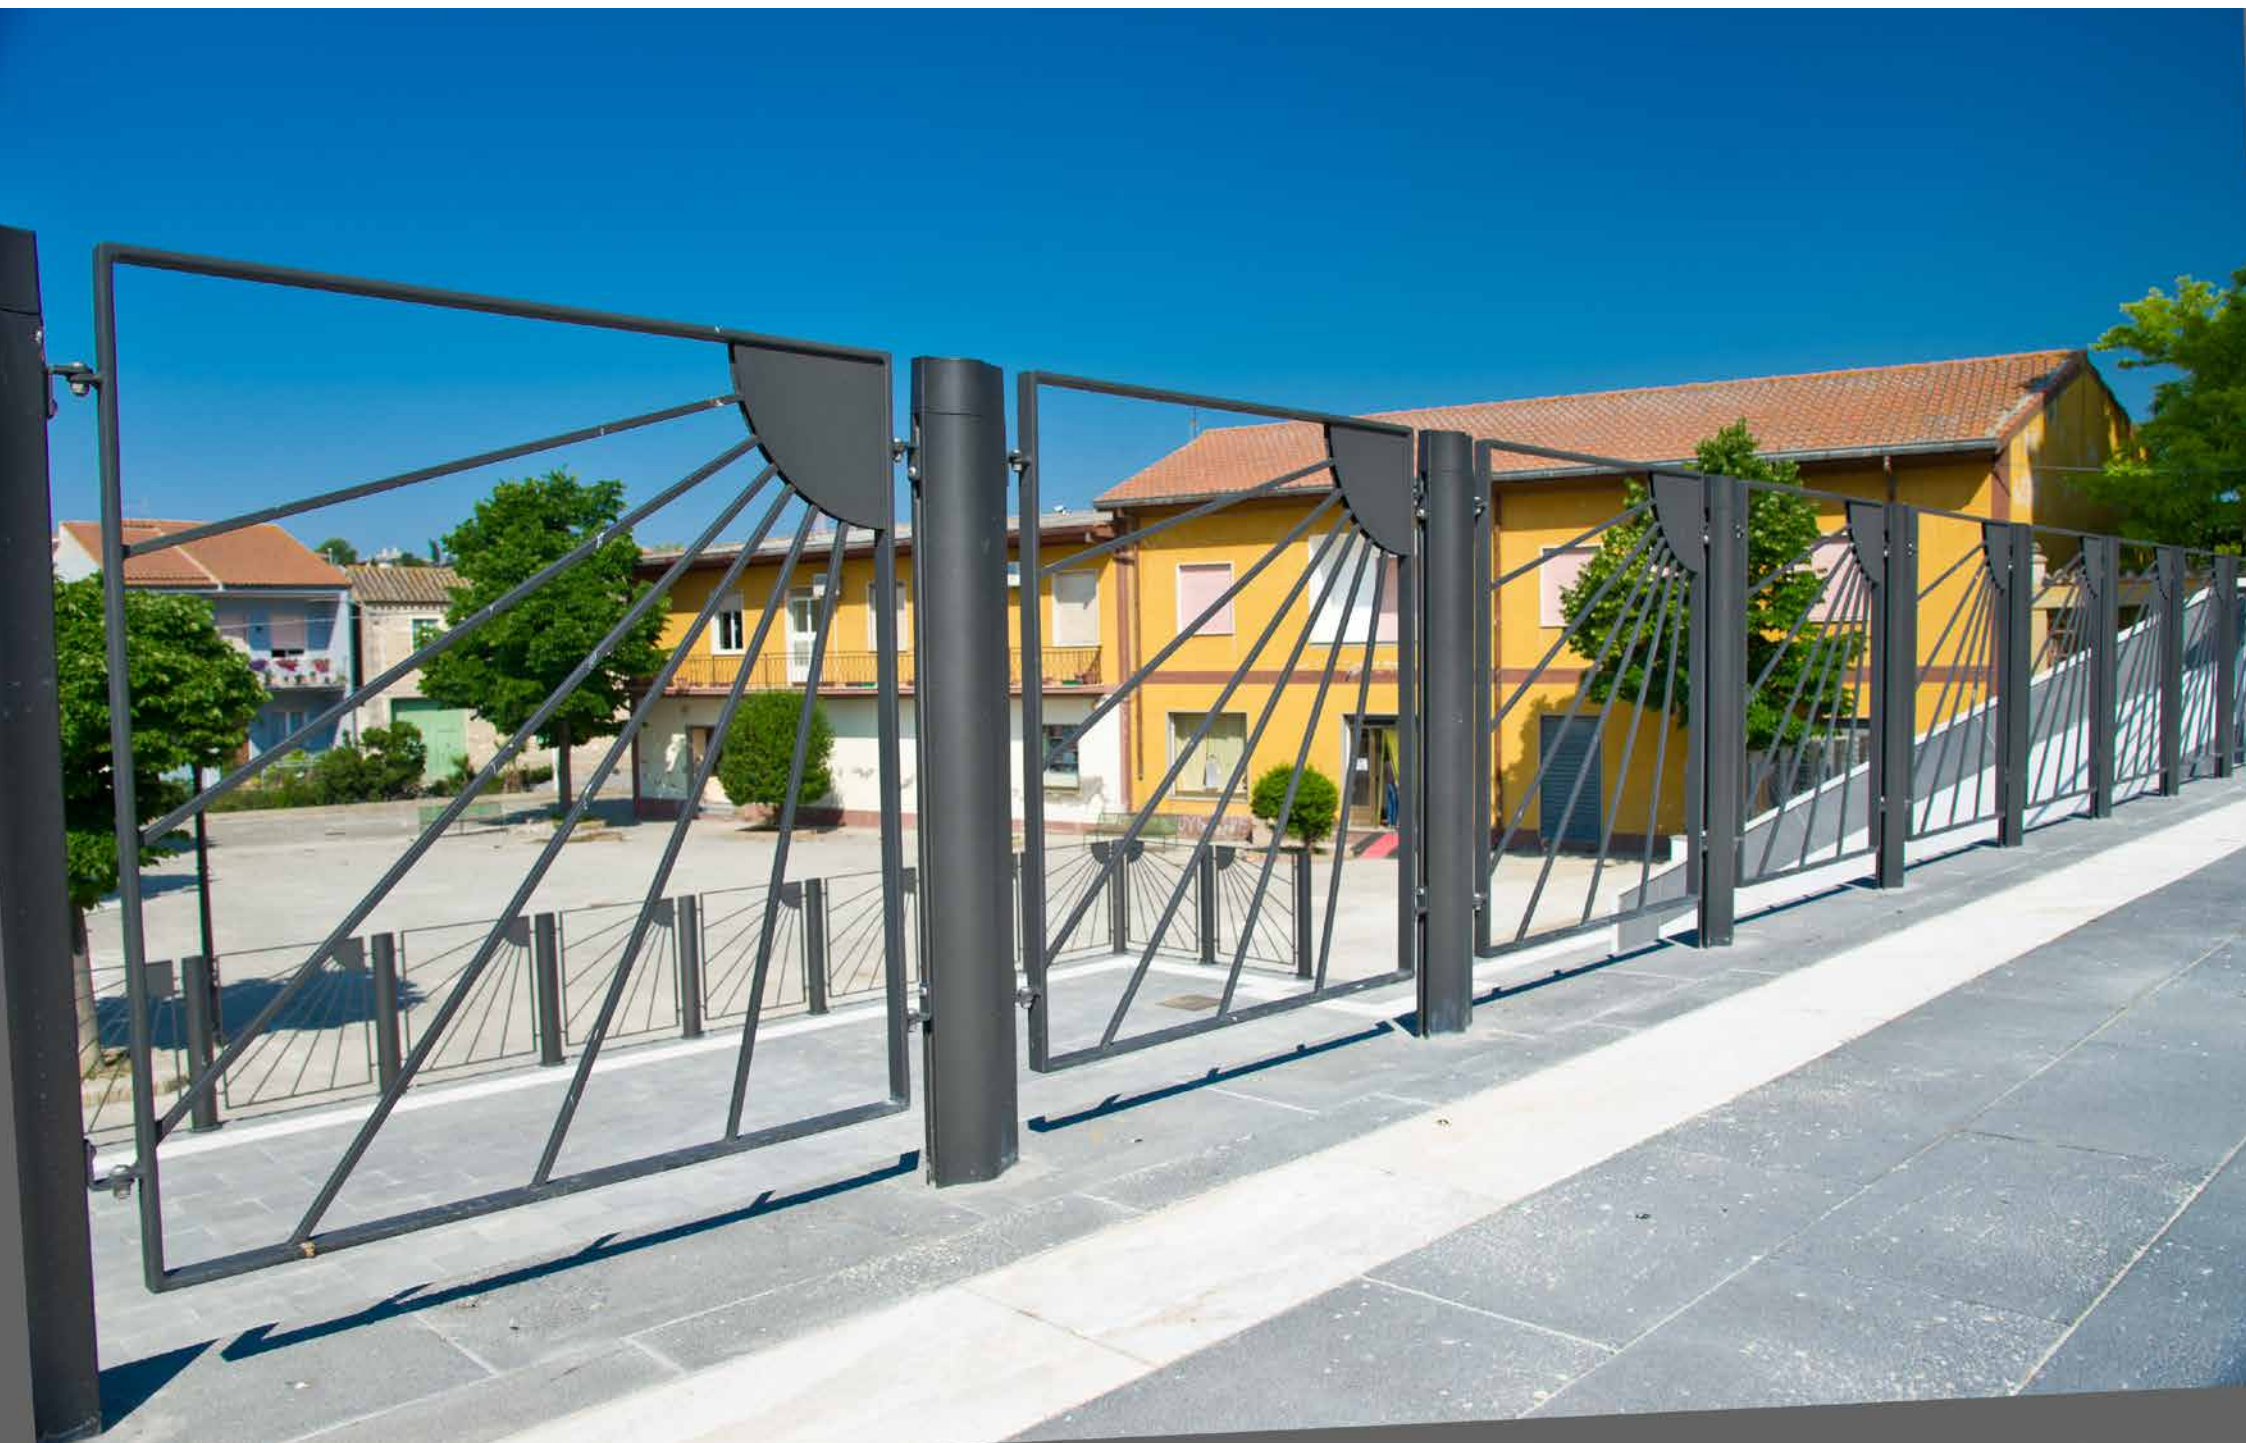

Clock

Orologio

The clock too develops from the ellipsoidal pillar with an original, sophisticated square shape.

Anche l'orologio si sviluppa dalla colonna ellissoidale con una forma quadrata, originale ed elegante.

Lilium series | Street furniture

Notice board

Stendardo

The notice board is designed to match all items in the collection, starting from the ellipsoidal pillars.

Lo stendardo per affissioni, coordinato con tutta la serie, si sviluppa a partire dalle colonne ellissoidali.

Bus shelter

Pensilina

The bus shelter supported by three columns is fitted with LED lights and a bench that is inserted between the pillars.

Pensilina sostenuta da tre colonne è dotata di illuminazione LED e di una panchina inserita fra i montanti.
