

NERI

All the products of this series feature a smooth and essential design, so that they can be widely used, as they easily fit in with in different contexts. The Salix series has been designed to match Alcor lighting system.

**Tutti i prodotti di questa serie sono caratterizzati da un segno morbido ed essenziale, che ne permette un ampio utilizzo e un facile accostamento, indipendentemente dal contesto architettuale. La serie Salix è abbinata al sistema di illuminazione Alcor.**

# Bench

## Panchina

The bench, which is light and harmonious, easily merges into any urban setting. It is especially large and widely acknowledged as comfortable.

**La panchina, leggera ed armoniosa, è facilmente integrabile in ogni contesto urbano e soprattutto di grande e riconosciuta comodità.**

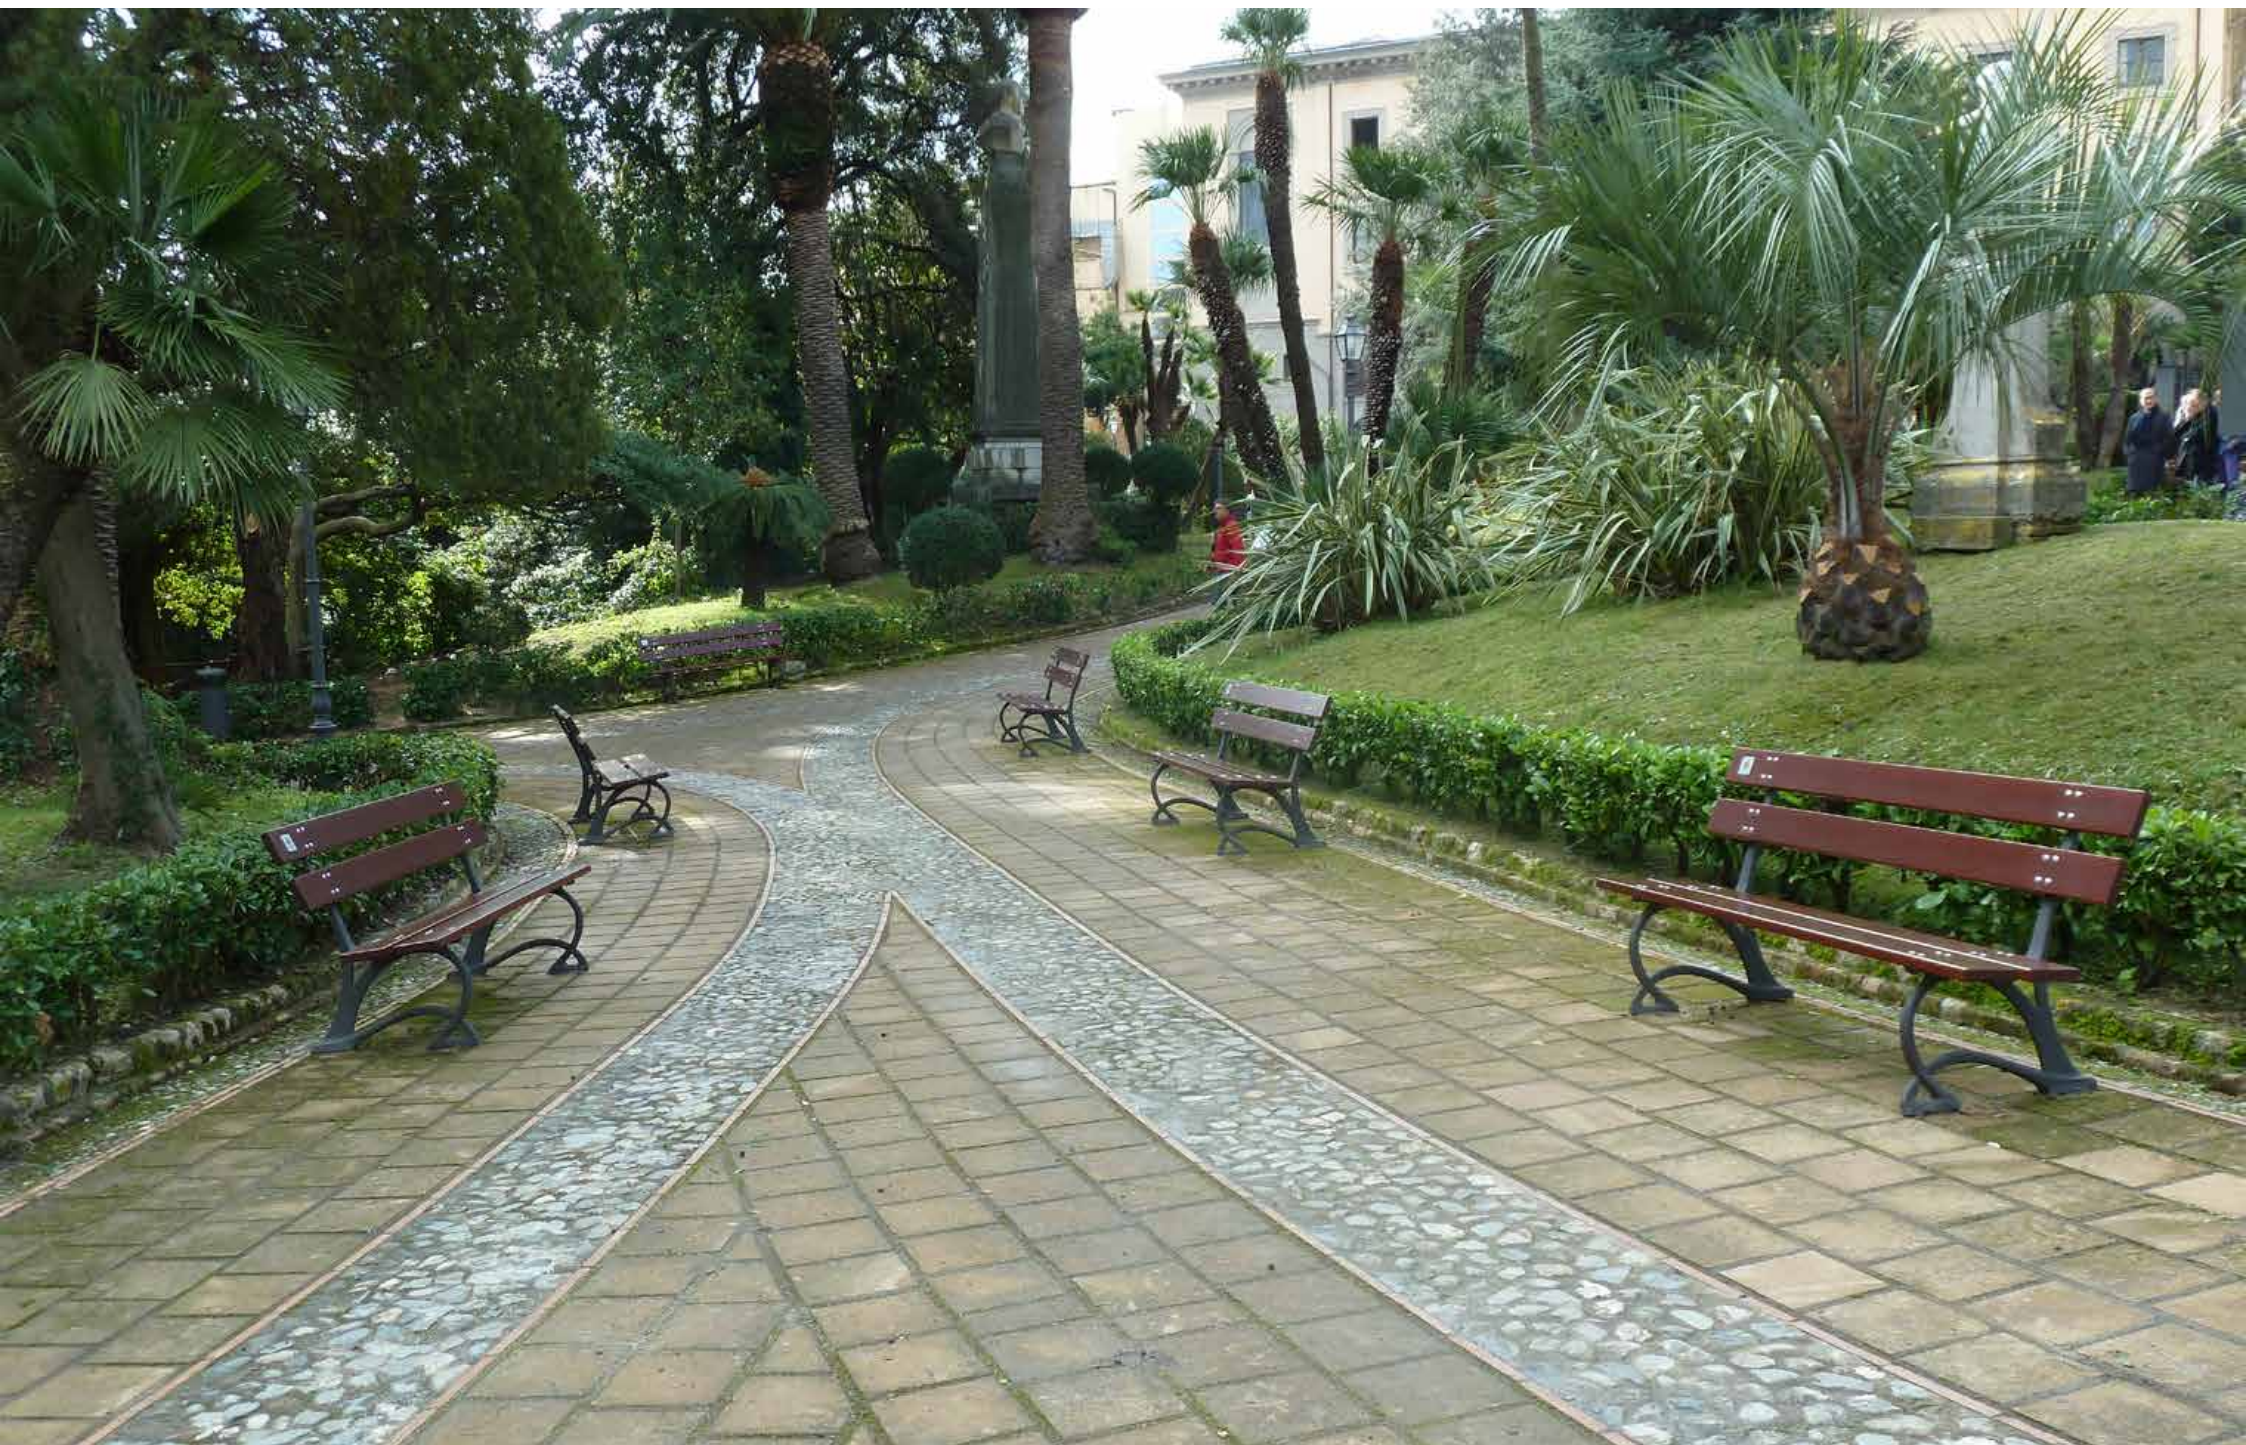

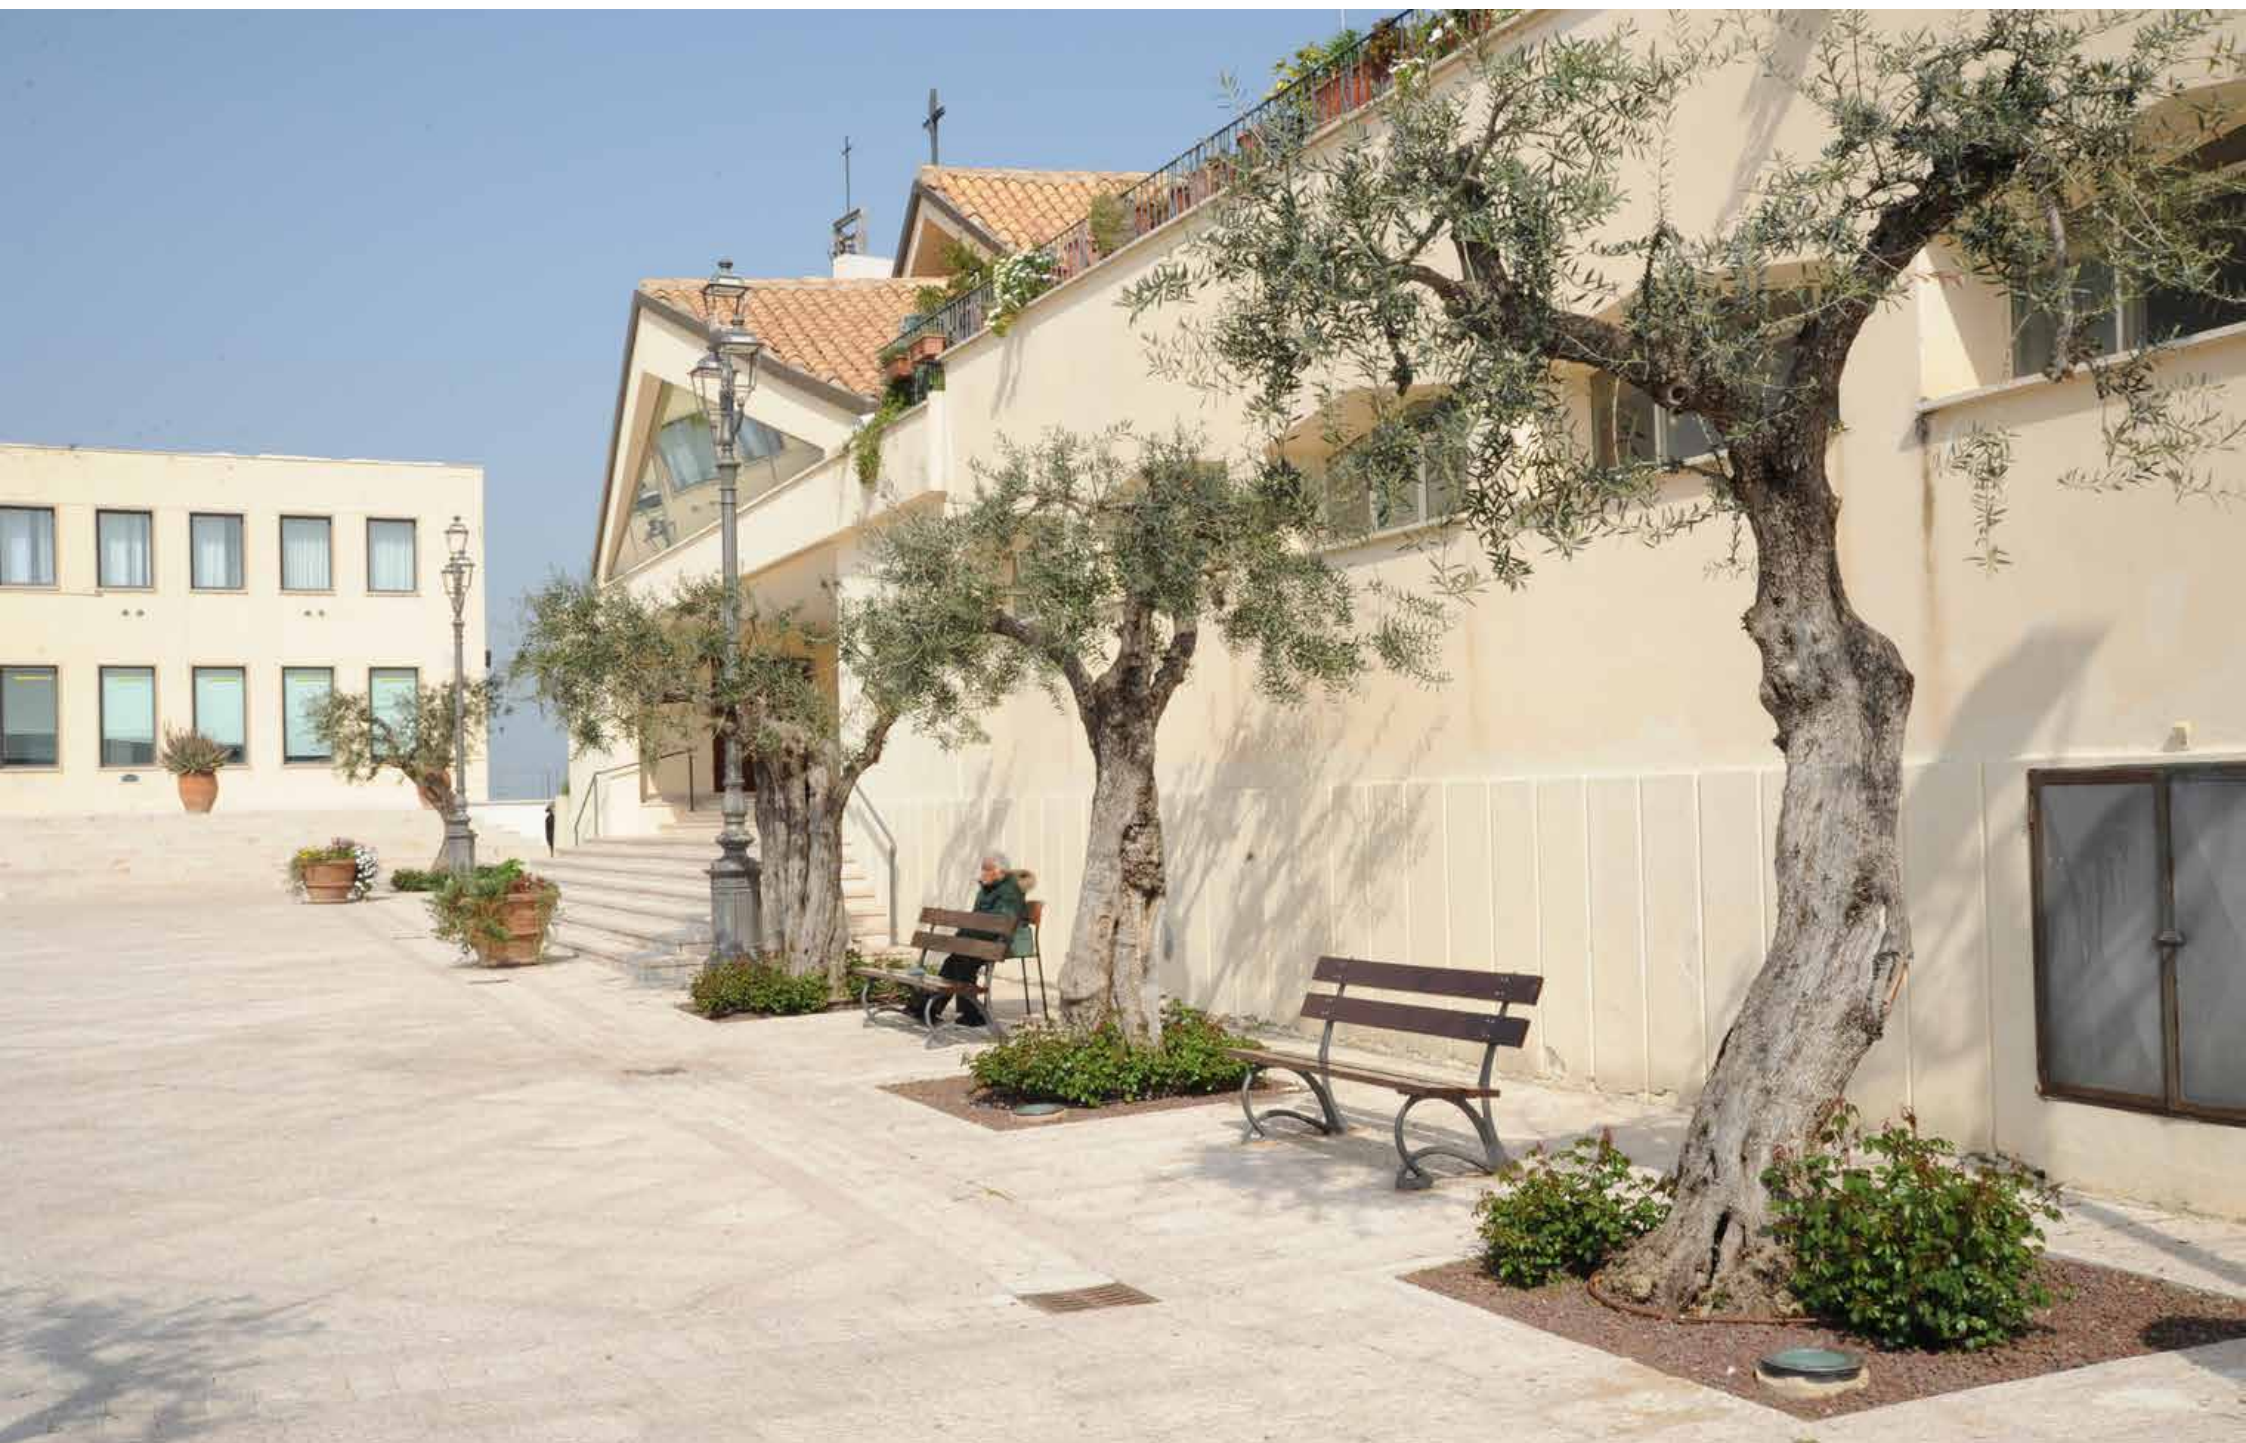

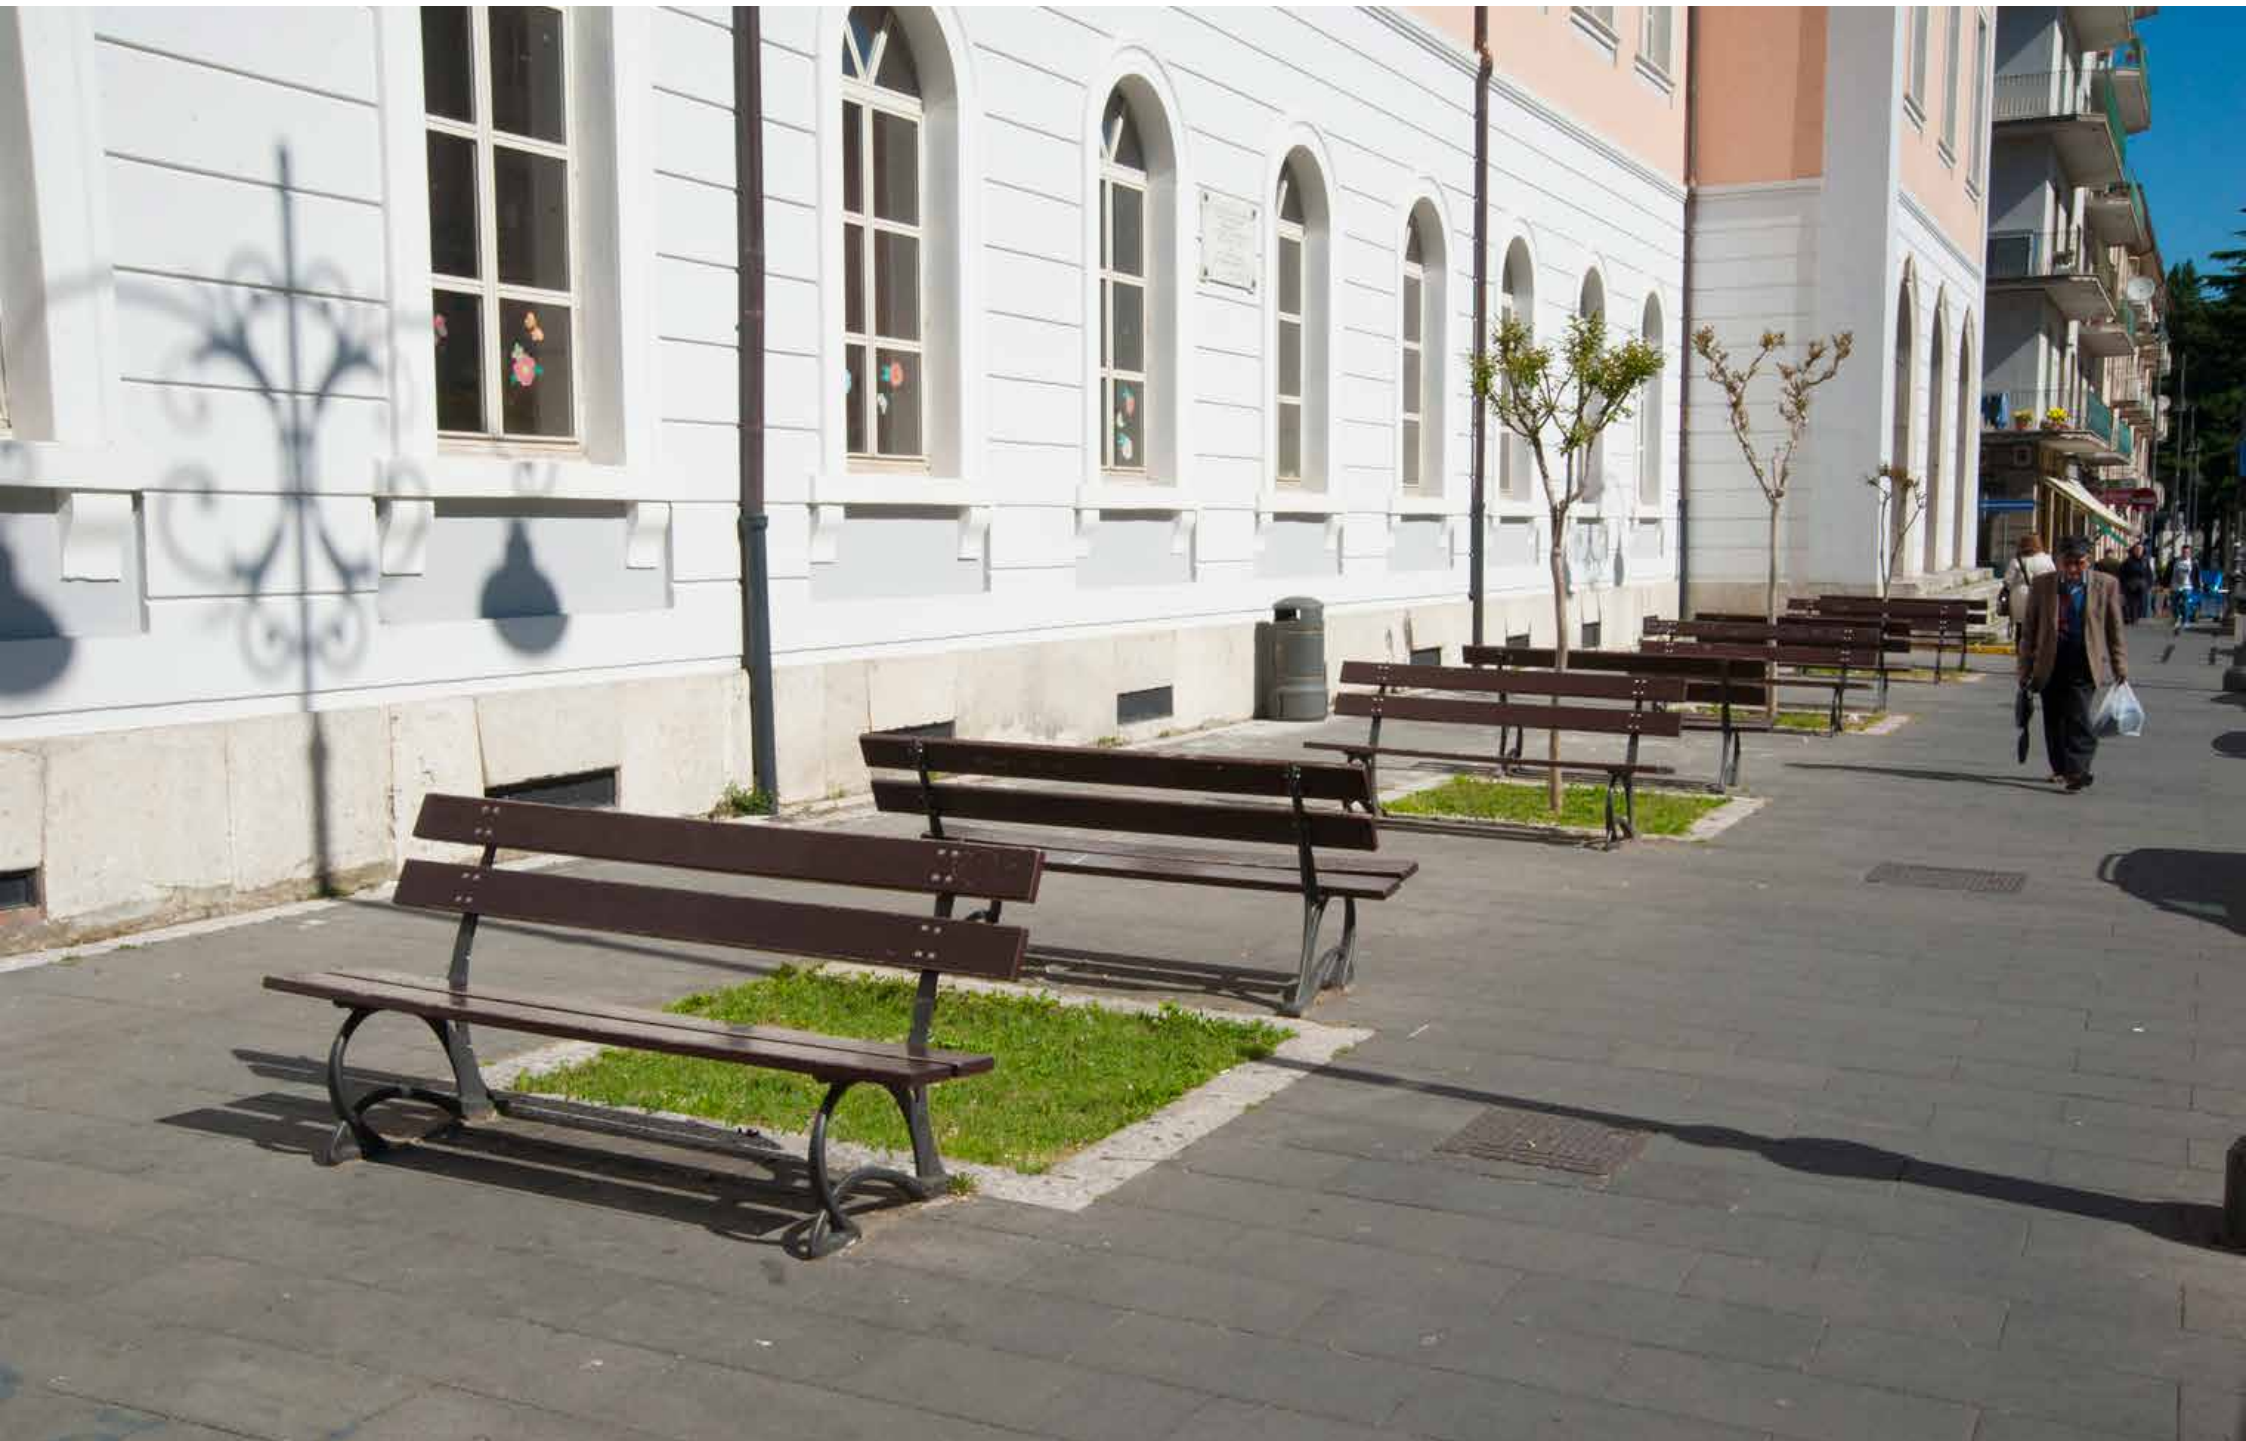

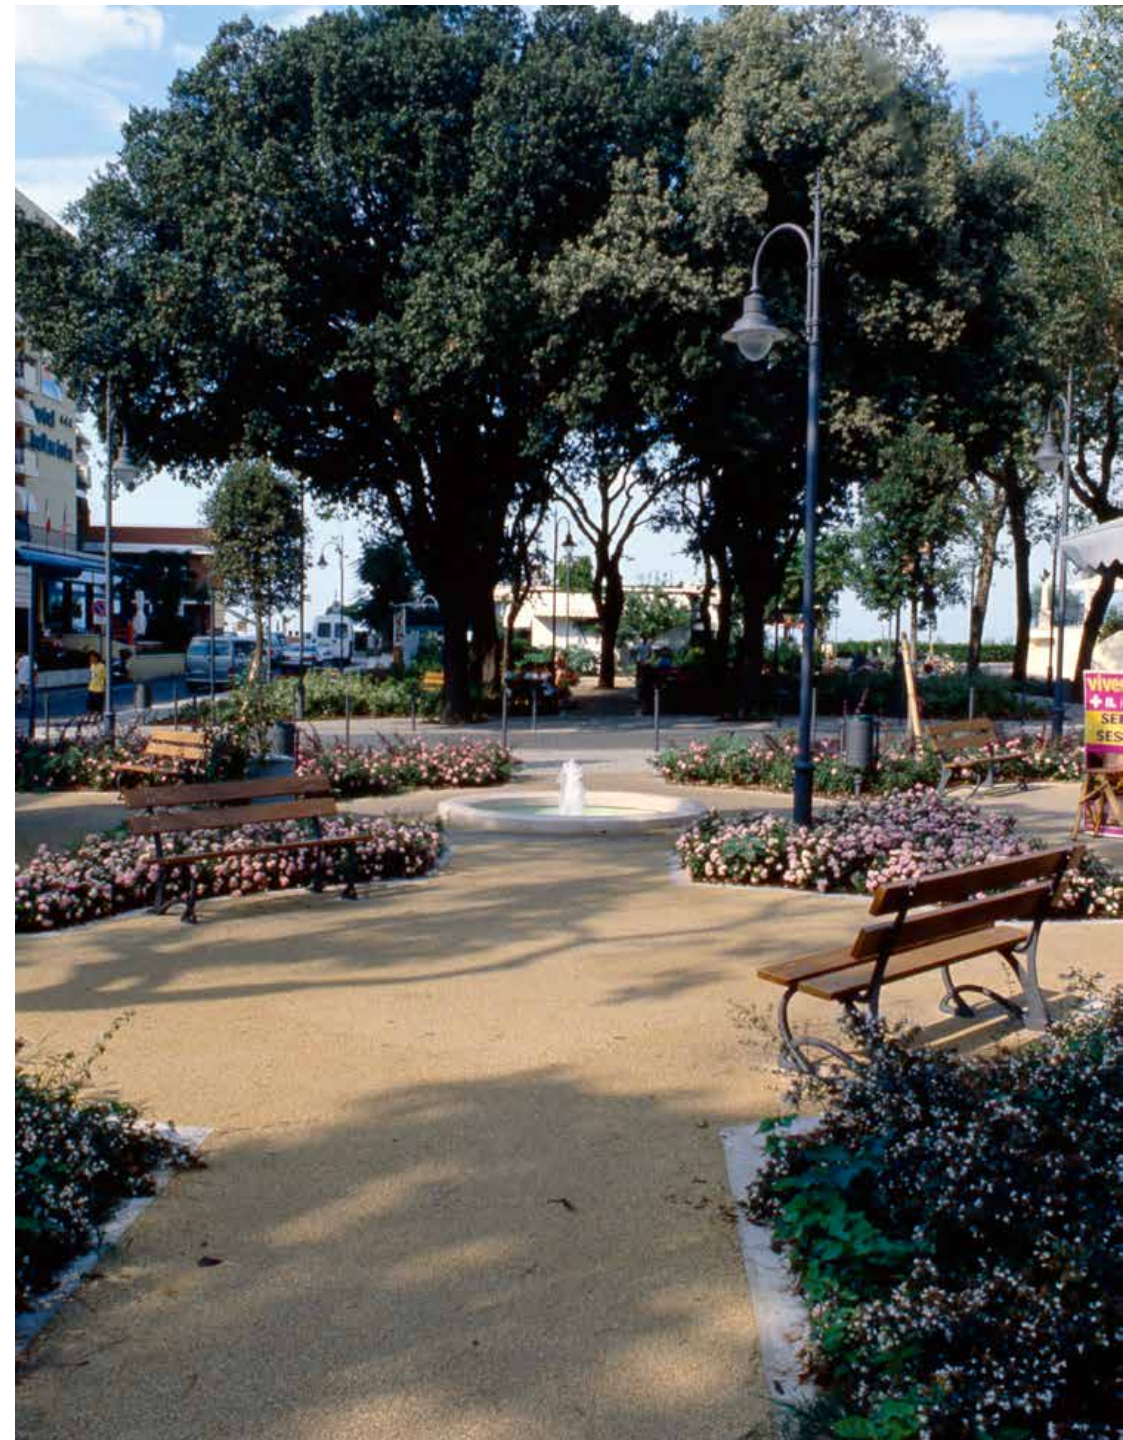

Houston – United States of America and Pardubice – Czech Republic

# Bollard

## Dissuasore

This collection's bollard has been designed by Gabriele Pezzini.  
Milan has chosen it as its model.

**Il dissuasore per questa serie è stato disegnato dal designer  
Gabriele Pezzini. Milano lo ha scelto quale proprio modello.**

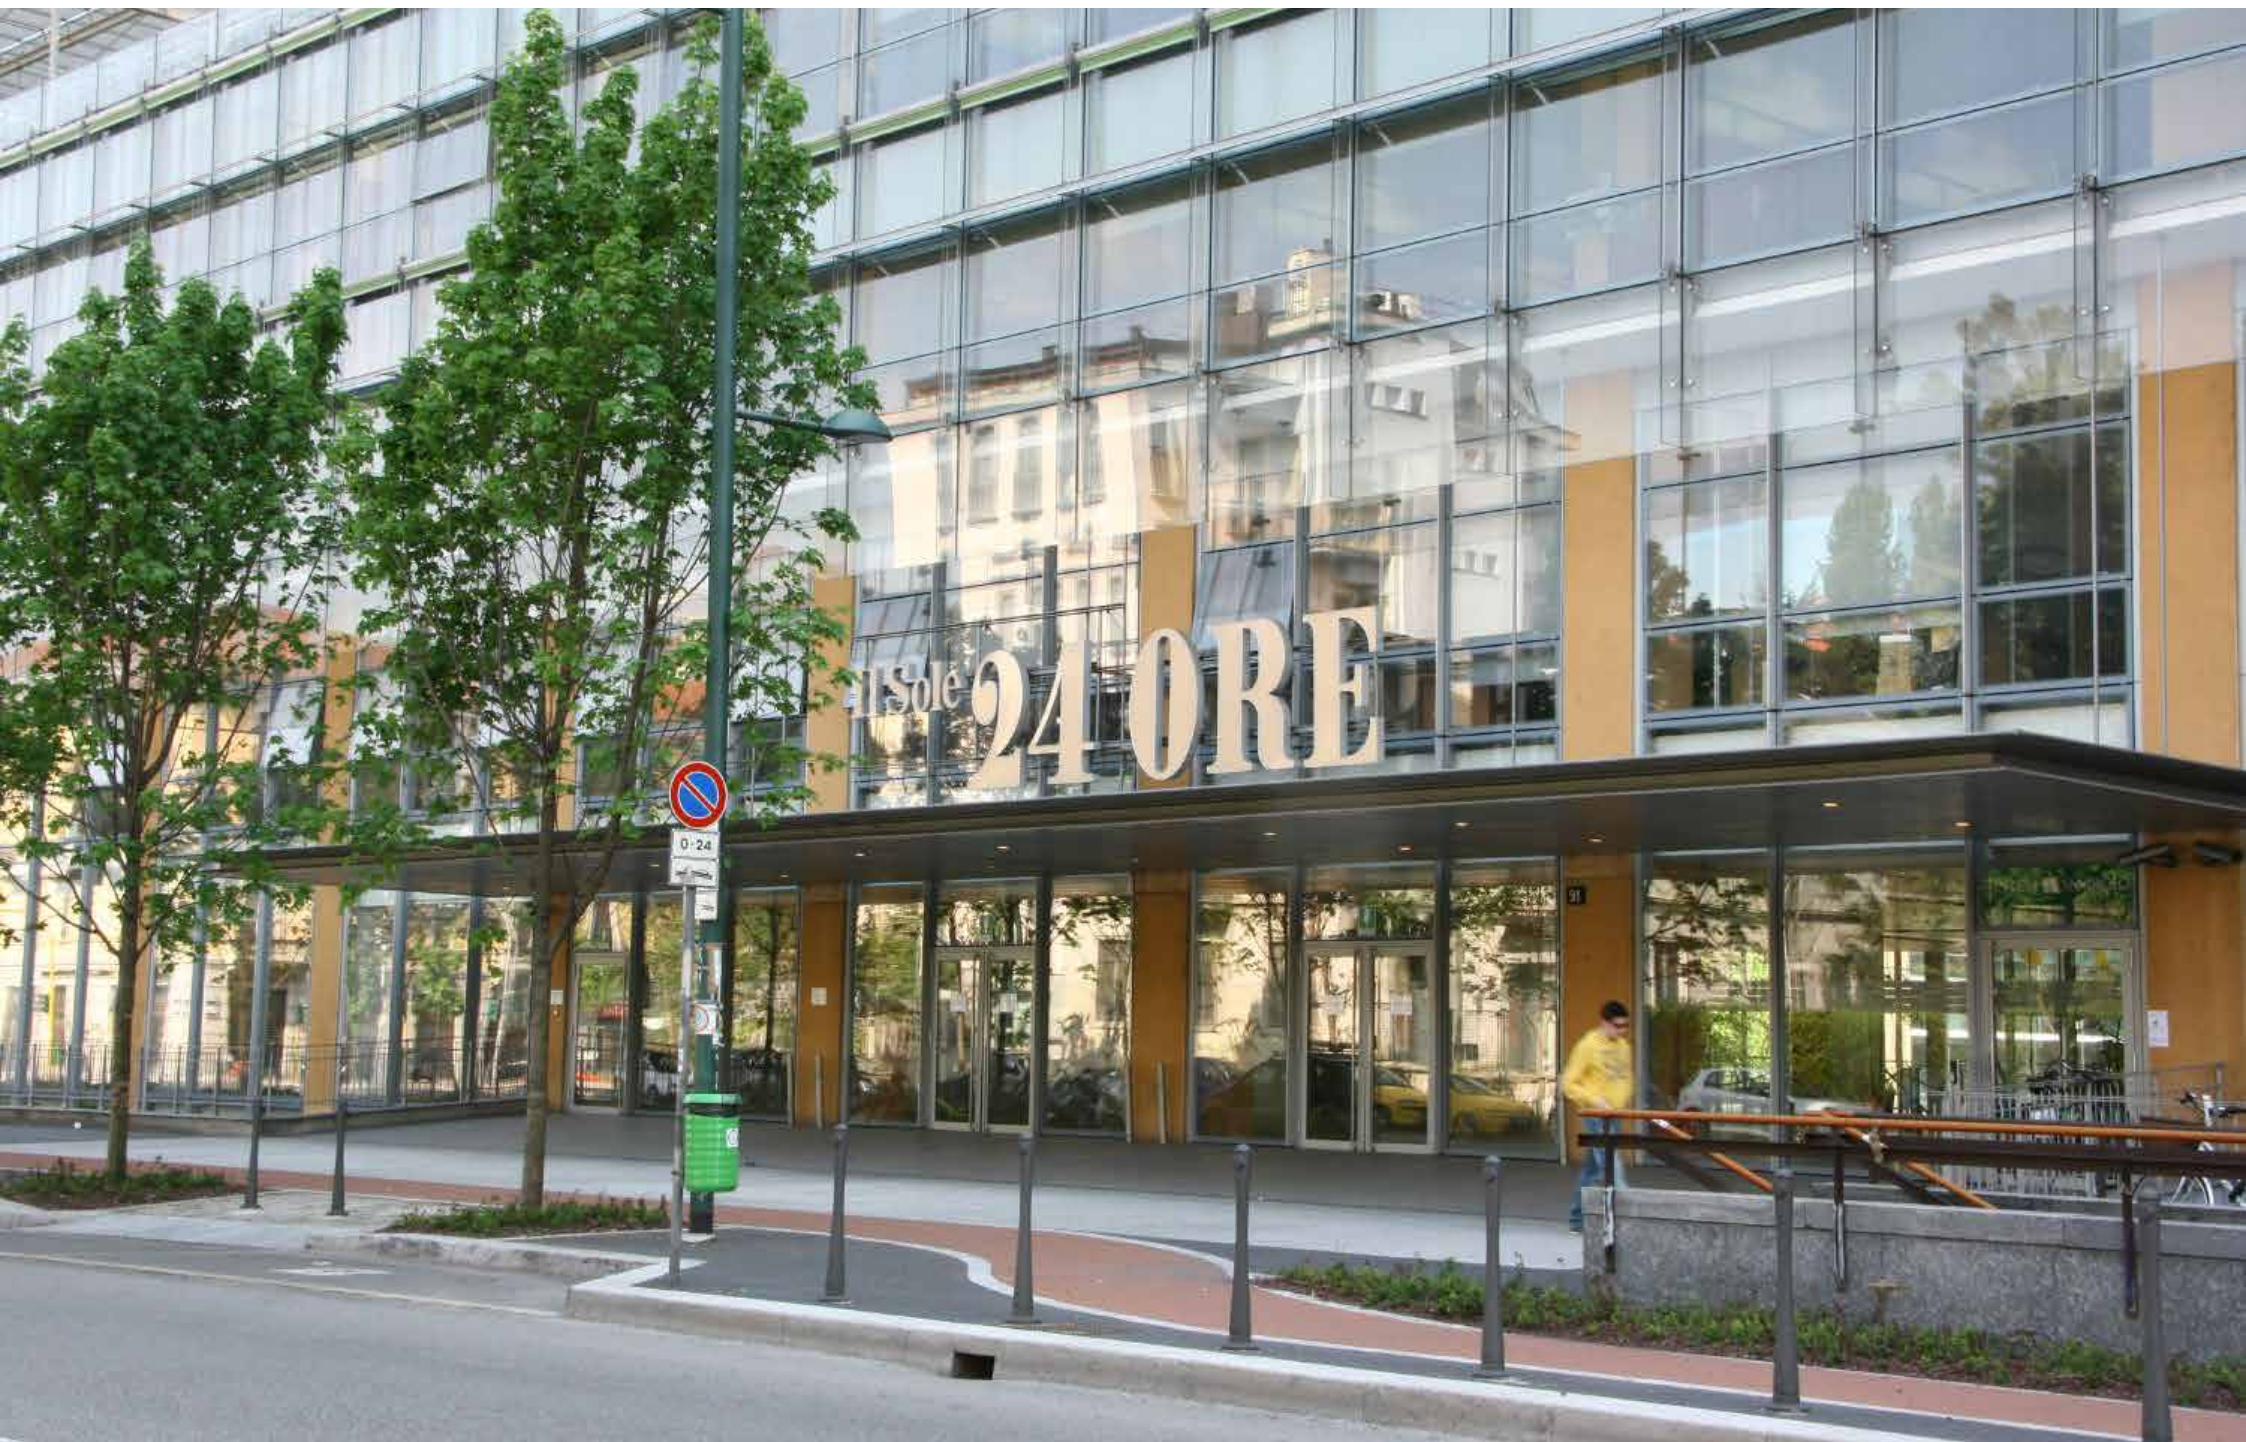

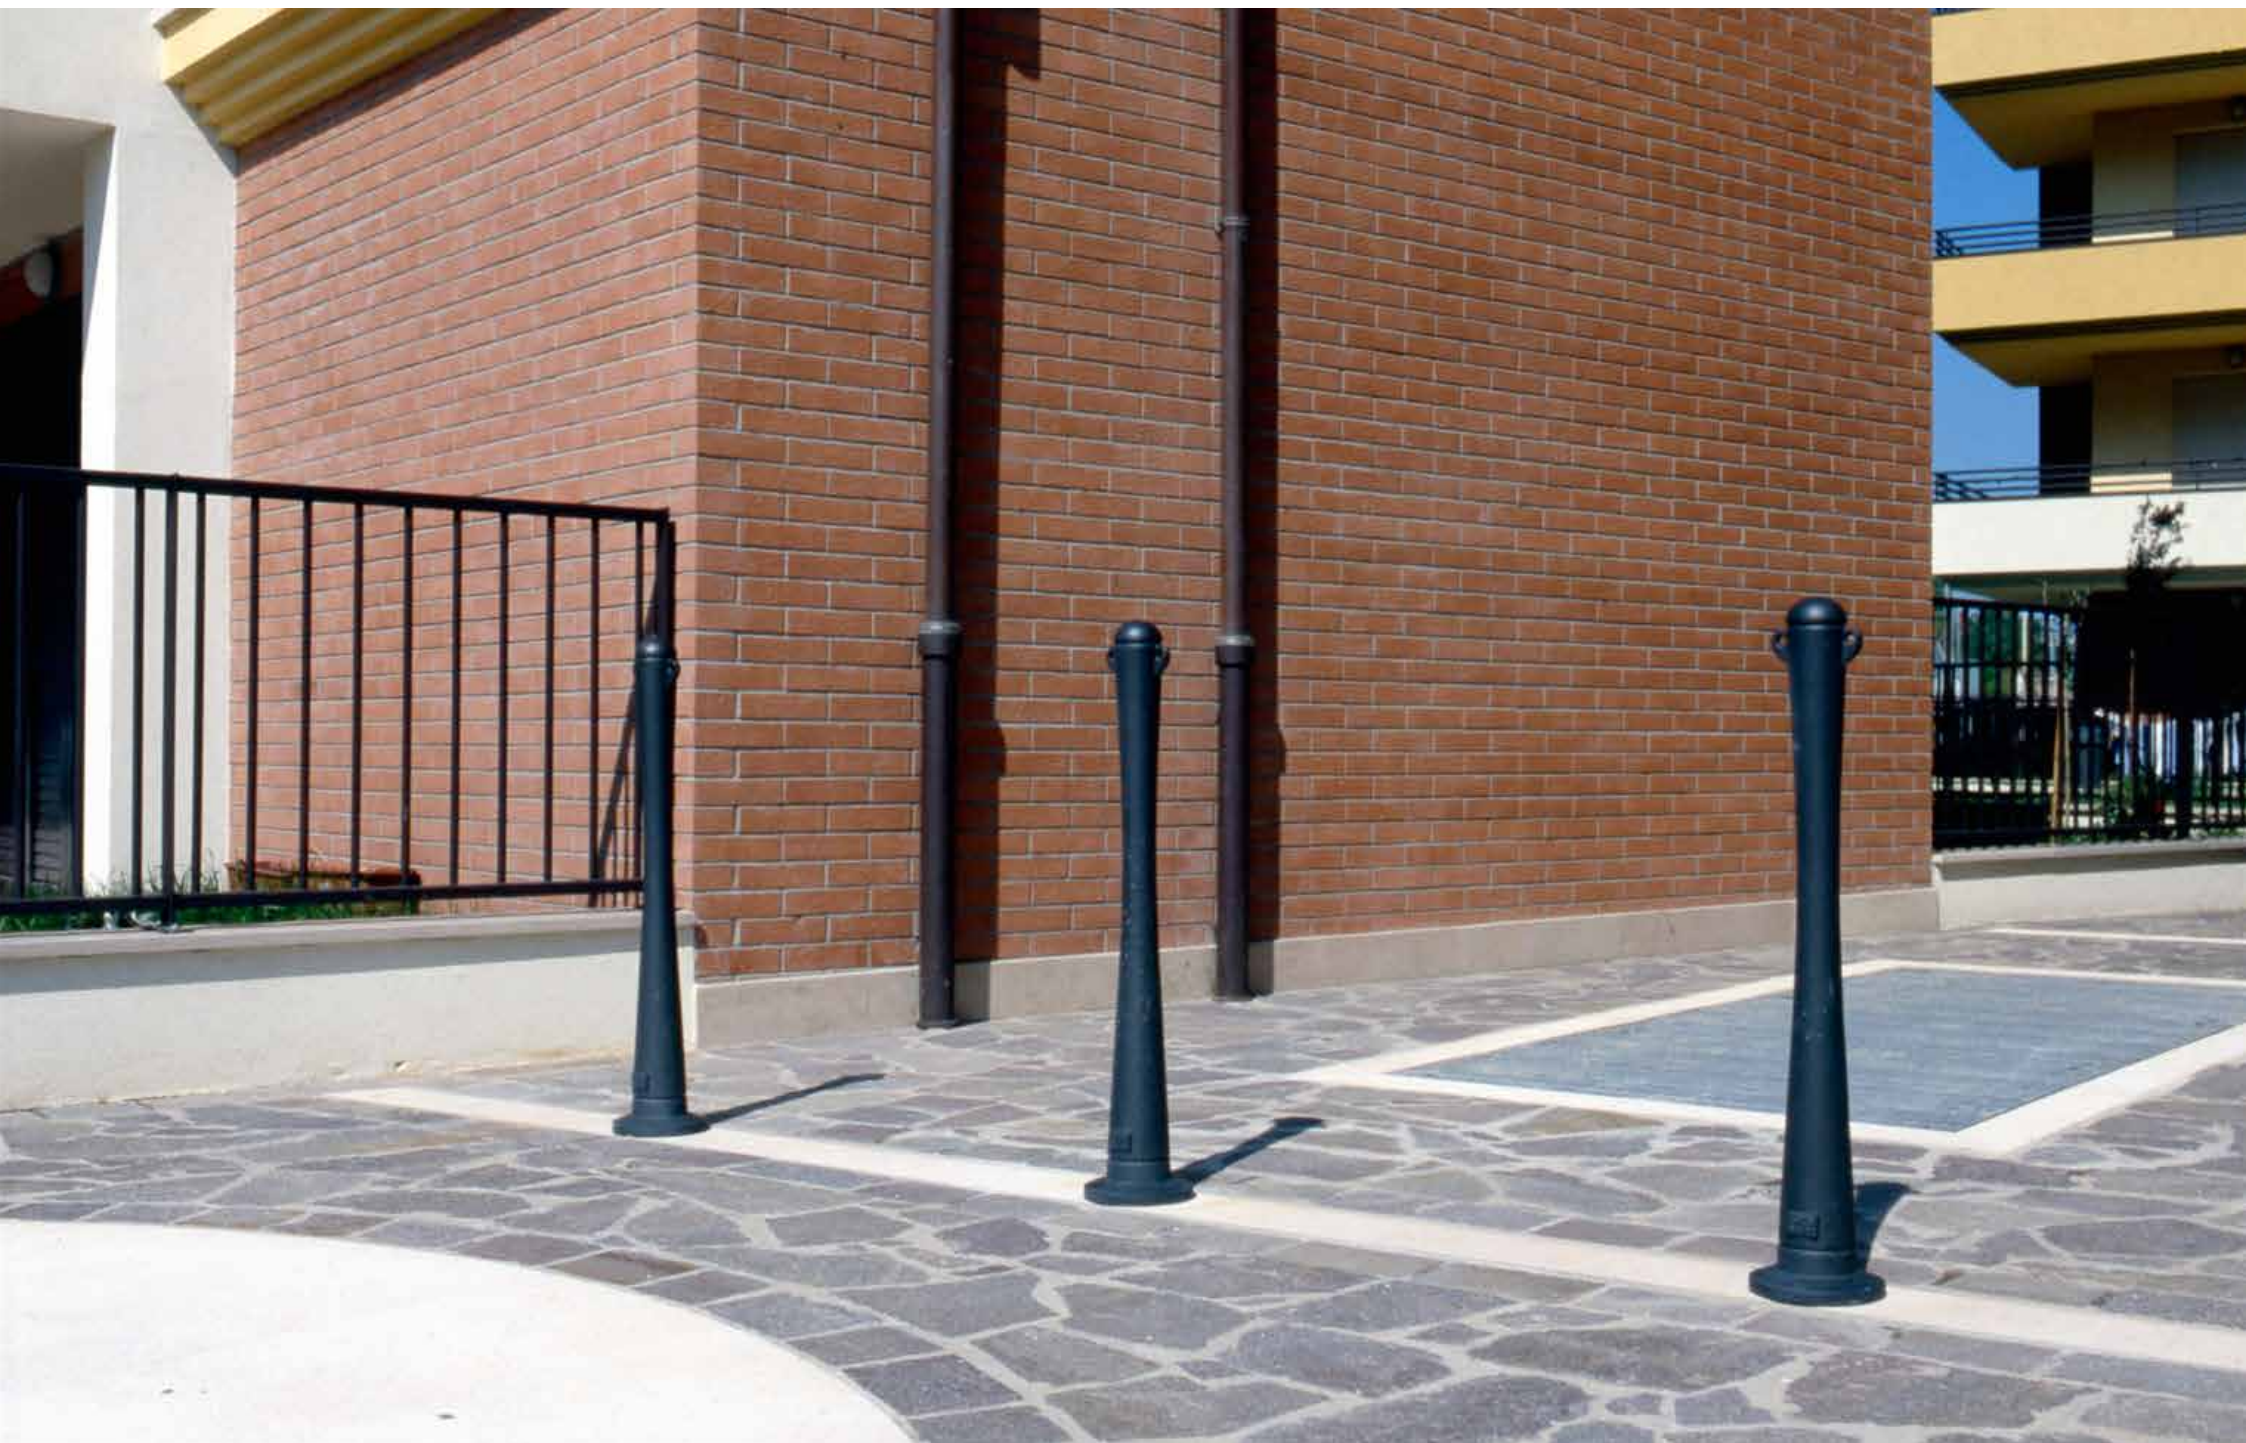

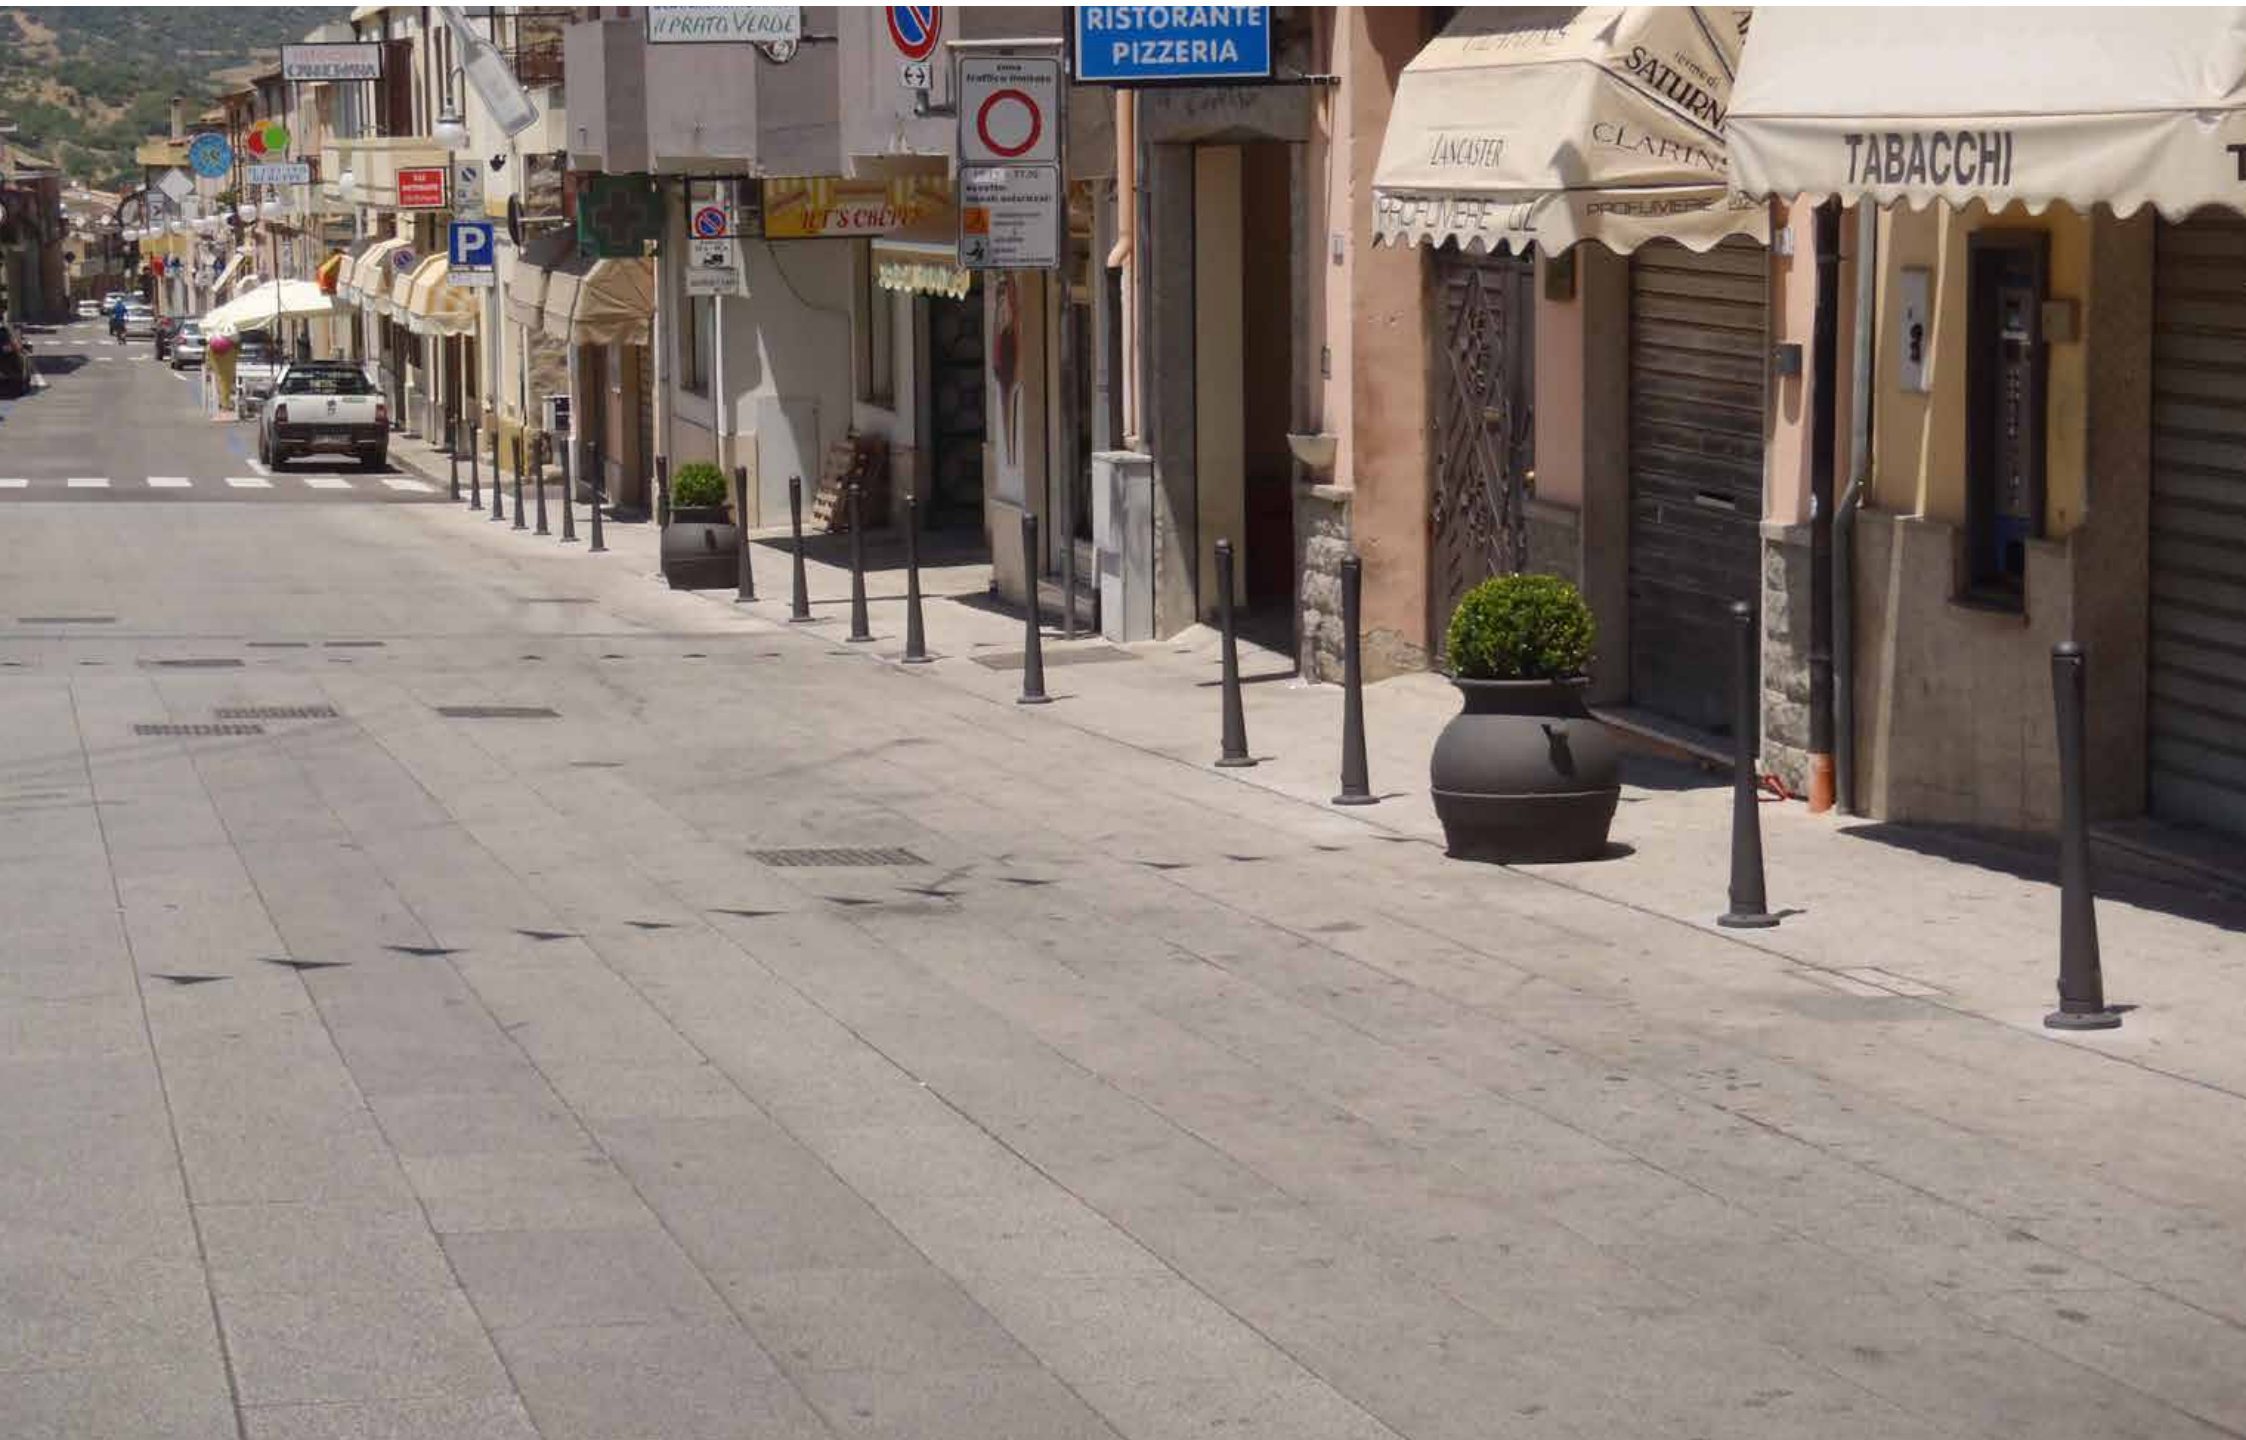

# Planter Fioriera

These one piece cast iron planters are proposed in four different versions, namely a low model, a high one for plants with many roots, and half planters to be placed against the wall.

**Fuse in ghisa in unico pezzo sono proposte in quattro versioni diverse: un modello più basso, uno più alto per piante con maggior radici e mezze fioriere per essere accostate al muro.**

# Bicycle rack

## Portabicicletta

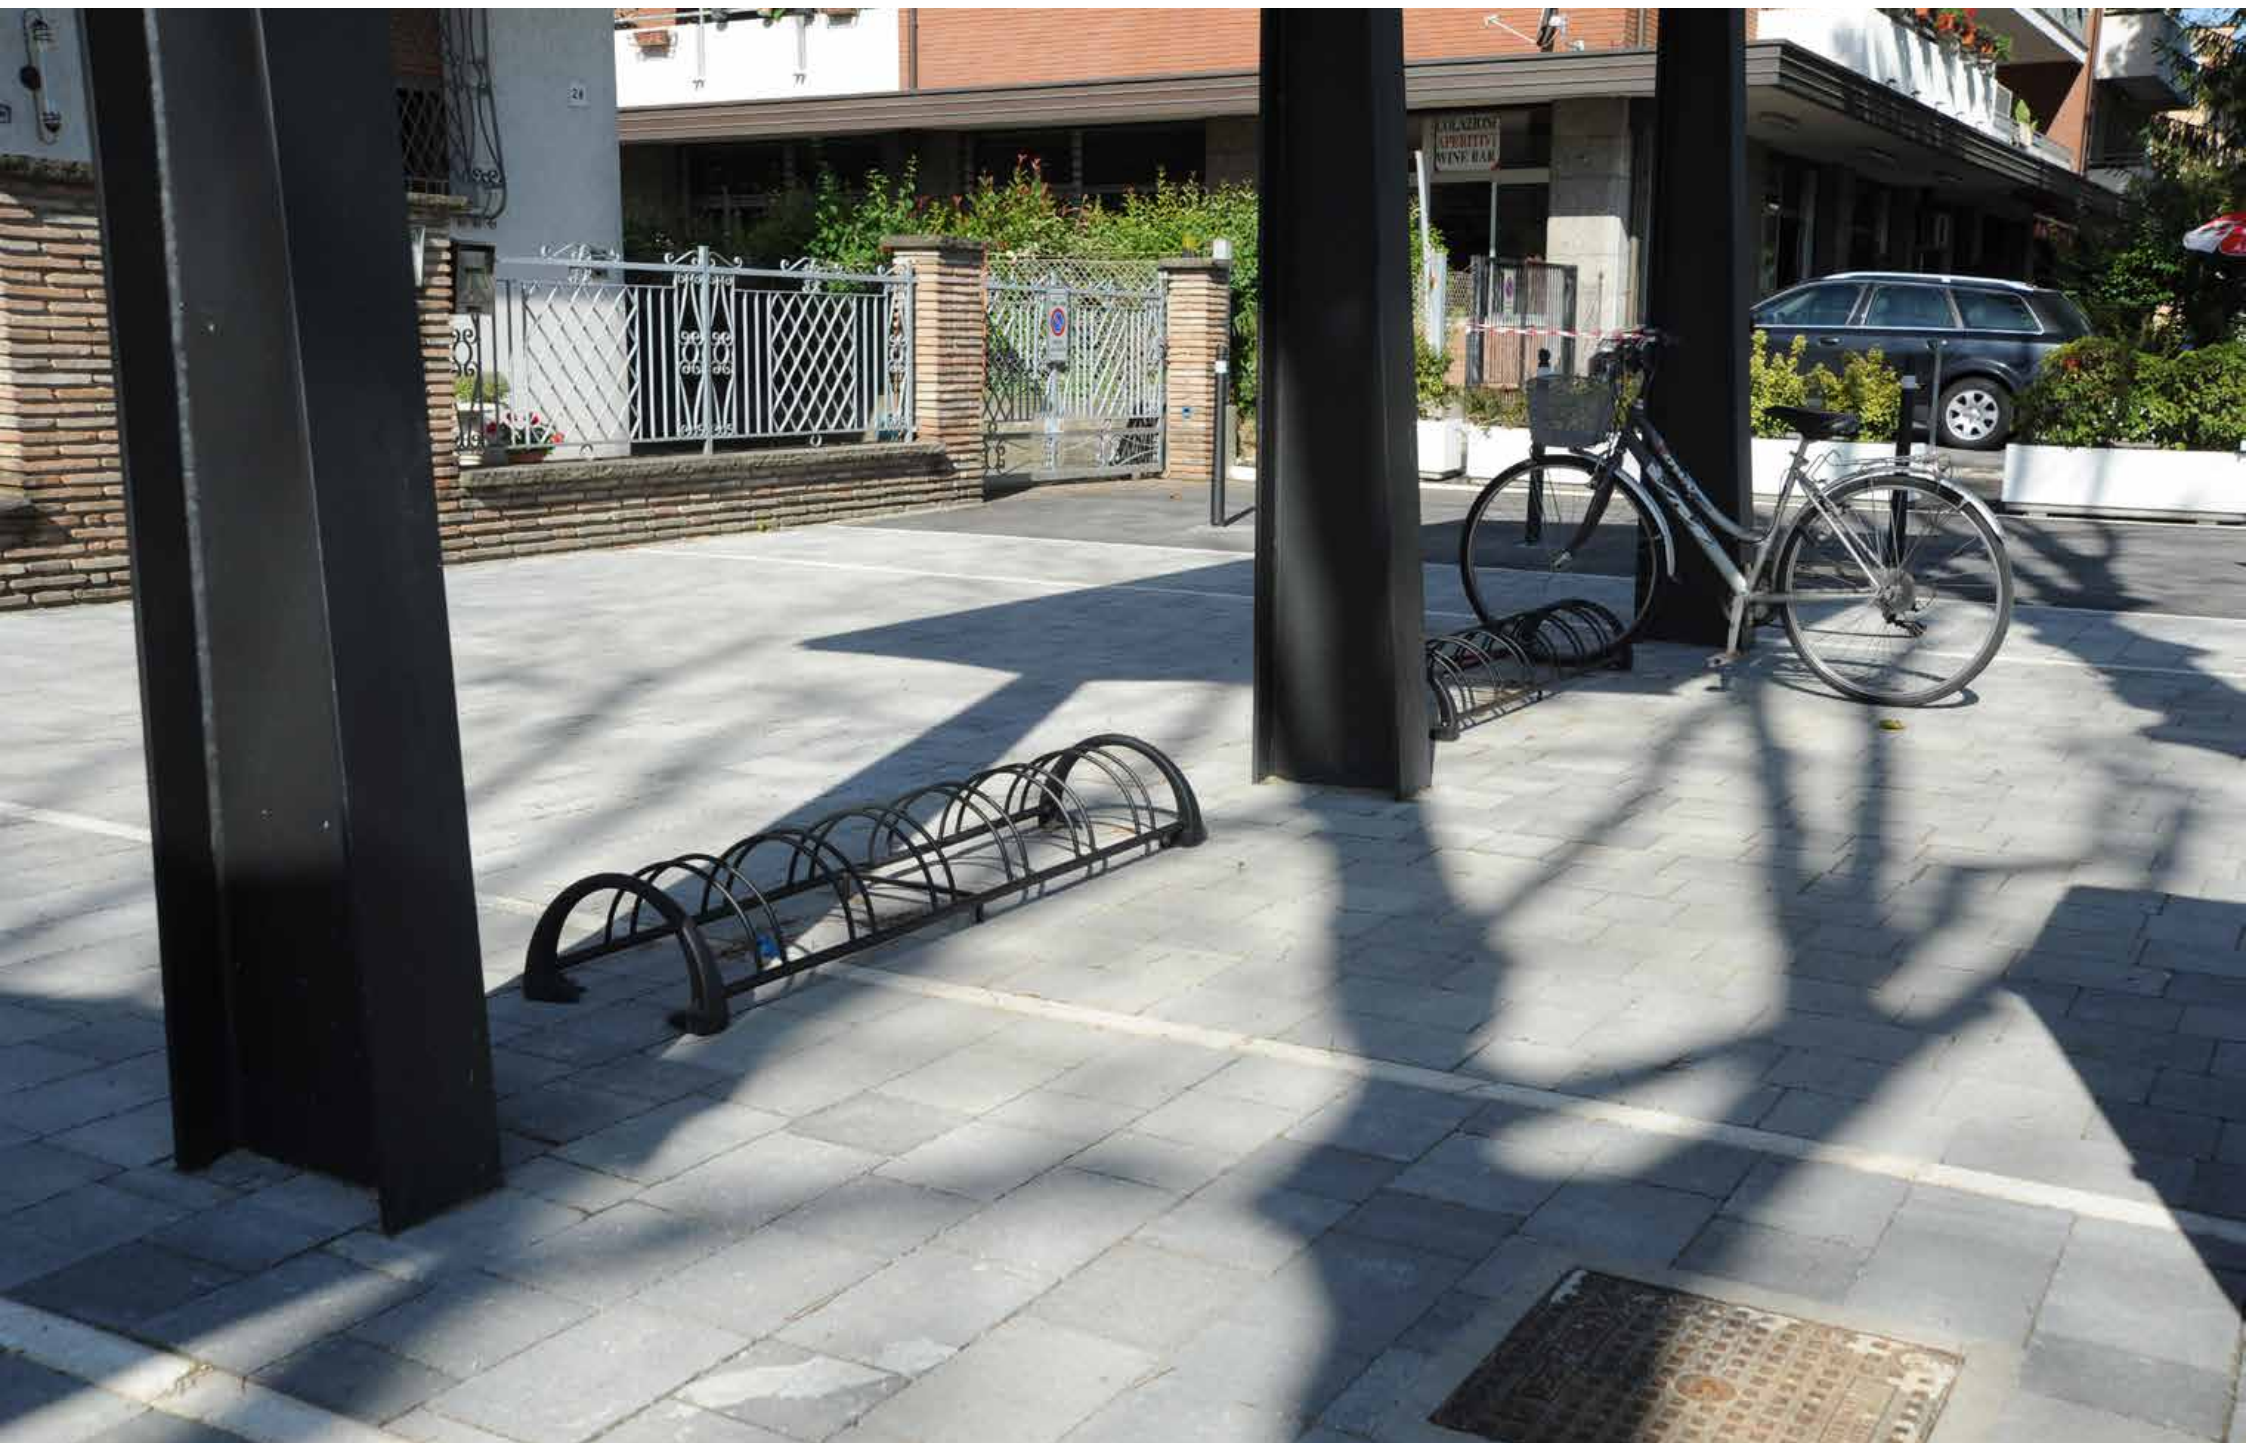

Conceived by designers Manzi e Zanotti, it recalls the curved lines of the whole Salix collection.

**Ideato dai designer Manzi e Zanotti, riprende le linee morbide dell'intera serie Salix.**

# LED Step-Light

## Segnapasso LED

The designer Alfredo Farnè has created two versions of the step-light with LED lights, both made of cast iron for floor installations and wall mounting.

**Il designer Alfredo Farnè ha creato due versioni di segnapasso con LED, entrambe in fusione di ghisa per applicazione a pavimento oppure a muro.**
